From the President - Peter Hourn

Wow, what a finish to the year! COVID-19 has certainly left its mark on everything and everyone. Not the least being the end of the patrolling season, which saw the last weeks of patrols being completed with the flags down and only surveillance patrols. This was certainly different especially with the near-perfect conditions thrown up by the weather. What better place to have to be in isolation than our stretch of beach?

A huge thanks to all our patrolling members for the season just completed. Once again there were no fatalities on our stretch of beach, which I'm sure could have been different if it wasn't for all your efforts. As you can see from our patrolling statistics it was a busy season:

- 7,024 patrol hours completed
- 14 lives saved
- 472 preventative actions carried out
- 101 first aid cases treated
- Approximately 20,308 people visiting our beach over the season

A big thank you goes to our Club Captain, Rob 'Jenko' Jenkins for the countless hours that he has put in this year. It has ensured that our season has run smoothly with only a few minor hiccups.

To Riley Palmer and his team of Trainers and Assessors, thank you for training our new members and (probably an even harder task) keeping the rest of us proficient and up to date with what is required.

To the Committee Members and Club Officers, thank you for your time and effort in keeping the Club running as smoothly as possible. These people put in a huge amount of time that goes on behind the scenes and largely unnoticed. Sorry, I can't mention all of you, but your efforts are greatly appreciated!

Thanks to the Supporters Club and Committee, led by Craig Hunter-Smith. We should never under-rate the financial contribution from the Supporters Club. Without their support, the Marcoola Surf Life Saving Club would struggle to exist. It is a testament to the Supporters Club that they have still managed to meet budgeted money commitments to Surf (through rent and donations) despite COVID-19 impacting trading over the last couple of months of the financial year. There will be many challenges for them next year but I'm sure that under Craig's leadership we will come out the other side stronger than ever.

Junior Activities had yet another bumper year under the leadership of Amanda Janssen, who with the help of her committee reached almost 200 nippers this year. I'm sure Amanda will thank all involved in her report, but from the Surf Committee, congratulations on a stellar year. It was just a pity that the season ended prematurely due to COVID-19.

On the competition front, it was another quiet year for the club, on the beach and in the water, but our boaties are gaining traction and performed admirably in a shortened season. I'd like to acknowledge the efforts of our Champion Patrol Team: Saxon Jeffcoat, Em-jay Jeffcoat, Shasta Wulf & Aaron Barnard and Champion Lifesaver Em-jay Jeffcoat, incredible results at both Branch & State Competition for their first crack at it. It was a shame for all that States and National Competitions were cancelled but there is always next year.

The 50-year celebrations ended after the Past & Present Members Weekend, which was well attended and after some editing hold-ups, the history book was finally published. Please see the office if you would like a copy.

A big thank you also goes to our sponsors and supporters whose contribution to the Club is greatly appreciated and assists in purchasing and maintaining our gear and equipment on the beach. A special thanks goes to our major sponsors:

- AusTraffic
- Yaroomba Beach
- North Shore Realty
- Bendigo Community Bank

The year has not been without its challenges, and in March we saw the resignation of Operations Manager Olivia Wilson, which caused a major upheaval in the Administration of the Club. Fortunately, we had 2 champions in Amanda Janssen and Lyn Mathison (dragged out of retirement) who were able to get things back on track. I cannot thank them enough for the effort they have put in. Going forward it has been decided that we will bring in a General Manager to oversee both Surf and Supporters Club.

We also saw the resignation of our President Di Lengui, in April. I'd like to thank Di for her efforts over the preceding year and 9 months and hope to see her patrolling on the beach next season.

At the time of writing, we are slowly coming out of COVID-19 restrictions, reopening the Supporters Club, and holding discussions about how Surf Lifesaving can get back to training and what the new season will look like. It will be a challenging time, but the Club is in a very sound position, due to the efforts of many over past years.

Secretary Report - Craig Hunter-Smith

The 2019/2020 season at the Marcoola Surf Club has continued the success of recent years with the award for last year of the Buhk Wilkes trophy for outstanding proficiency of Life Saving in the clubhouse and on the beach. That's five in a row. The Management Committee has again worked to produce successful campaigns both on and off the beach and will continue to achieve.

The amount of work taken on by the President and members of the committee to ensure that the Club continues to function successfully is very much appreciated. Volunteers also greatly assist with their contribution to the running of the club and their effort, sometimes unrewarded, is crucial to the Club's success. Thank you for your commitment. The Committee is supported by a very capable administration team.

A special committee was initiated during the year to review the Constitution and By-Laws of the Surf Club. This committee was ably led by Drew Palmer and supported by George Hansen, Peter Hourn and myself. Drew's efforts have resulted in a draft constitution and By-Laws to be put to the Annual General Meeting. This has been an outstanding achievement and has involved a collaboration with the many stakeholders in the Club. Well done Drew and many thanks.

There are always many people to be thanked but this year I would like to particularly acknowledge the efforts of Steve de Laurence and the Boat Crew for their successes on the water and in the boat this season but in particular their efforts on patrol. The Boaties have also added a great deal of enthusiasm and I hope that this continues for many years to come. All active members can be proud of their involvement and it is greatly appreciated by the community.

To all the members and patrons of the Club, I wish you all the best for the coming season.

From the Treasurer - Lyn Hourn

The 2019-2020 financial year was certainly a challenging one in many ways - not just financially. The 2019 off-season started with our Emergency Response Group conducting the second body search in a matter of weeks, followed by the worst bushfires on record, some staff and committee changes and wrapped up with the COVID-19 Pandemic!! WOW – what a year!

COVID-19 resulted in the Supporters Club being closed for business for all of April and May, as well as parts of March and June. This massive loss of income resulted in them being excused from paying rent for March and April 2020 but as they were ahead in Donations (compared to the previous year) the overall income from Supporters to Surf has met budget. A great achievement by the staff and committee! Thank you!

Overall raffle income was down approximately \$20,000 this year, but we did not have a Surf Girl entrant this year. Last year our Surf Girl entrant Kirralee raised \$38,000.

A special thank you to our Junior Activities, Youth Development and Competitors for their efforts in fundraising and seeking sponsors to support their programs and costs.

A huge thank you also to the members who assisted with the running of the Schools Program that provided vital surf awareness/education to students from Pacific Paradise Primary School and the Good Samaritan Catholic College at Bli Bli. This is a program that we can develop further to increase the surf awareness of local children as well as introducing a new pool of potential members to our club.

Thank you also to our wonderful club sponsors. We value the continued support from our major sponsors Yaroomba Beach, AusTraffic, North Shore Realty, Bendigo Bank. In addition to these are the many other sponsors that provide a significant income for the club. We have many new sponsors this year and we hope that these sponsors will continue with our club for many years to come.

Due to other commitments, I will not be running for the Treasurer position next year and would like to thank the committee and admin staff for their continued support and guidance over the past two years. Thank you!!

ABN: 12 214 510 181

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2020

Note 1 Summary of Significant Accounting Policies

Financial Reporting Framework

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the *Associations Incorporation Act 1981 (Queensland)*. The committee has determined that the association is not a reporting entity.

Statement of Compliance

The financial report has been prepared in accordance with the *Associations Incorporation Act 1981 (Queensland)*, the basis of accounting specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of Accounting Standards AASB 101: *Presentation of Financial Statements*, AASB 108: *Accounting Policies, Changes in Accounting Estimates and Errors* and AASB 1054: *Australian Additional Disclosures*.

Basis of Preparation

The financial statements have been prepared on an accrual basis and are based on historical costs. They do not take into account changing money values or, except where stated specifically, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

(a) Income Tax

The Club has received an exemption from income tax from the Australian Taxation Office under Section 50-40 of the Income Tax Assessment Act 1997.

(b) Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all PPE is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Building	2.5%
Plant and equipment	20%
Motor vehicles	15%

(c) Impairment of Assets

At the end of each reporting period, the committee reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in the income and expenditure statement.

(d) Employee Provisions

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

(e) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

(g) Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

MARCOOLA SURF LIFE SAVING CLUB

ABN: 12 214 510 181

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2020

(h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

(i) Revenue

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Revenue recognition

The Association has applied AASB 15: Revenue from Contracts with Customers (AASB 15) and AASB 1058: Income of Not-for-Profit Entities (AASB 1058) using the cumulative effective method of initially applying AASB 15 and AASB 1058 as an adjustment to the opening balance of equity at 1 January 2019. Therefore, the comparative information has not been restated and continues to be presented under AASB 118: Revenue and AASB 1004: Contributions. The details of accounting policies under AASB 118 and AASB 1004 are disclosed separately since they are different from those under AASB 15 and AASB 1058, and the impact of changes is disclosed in Note 1.

In the current year

Operating grants and donations

When the Association receives operating grant revenue or donations, it assesses whether the contract is enforceable and has sufficiently specific performance obligations in accordance with AASB 15.

When both these conditions are satisfied, the Association:

- identifies each performance obligation relating to the grant;
- recognises a contract liability for its obligations under the agreement; and
- recognises revenue as it satisfies its performance obligations.

When both these conditions are satisfied, the Association:

- recognises the asset received in accordance with the recognition requirements of other applicable Accounting Standards (for example, AASB 9, AASB 16, AASB 116 and AASB 138);
- recognises related amounts (being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer); and
- recognises income immediately in profit or loss as the difference between the initial carrying amount of the asset and the related amount.

If a contract liability is recognised as a related amount above, the Association recognises income in profit or loss when or as it satisfies its obligations under the contract.

Capital grant

When the Association receives a capital grant, it recognises a liability for the excess of the initial carrying amount of the financial asset received over any related amounts (being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer) recognised under other Australian Accounting Standards.

The Association recognises income in profit or loss when or as the Association satisfies its obligations under the terms of the grant.

Interest income

Interest income is recognised using the effective interest method.

Income from sale of good

Revenue is recognised when control of the products has transferred to the customer. For such transactions, this is when the products are delivered to the customers. Revenue from these sales is based on the price stipulated in the contract, net of the estimated volume discounts.

Where there are expected volume discounts payable to the customers for sales made until the end of the reporting period, a contract liability is recognised.

A receivable will be recognised when the goods are delivered. The Association's right to consideration is deemed unconditional at this time as only the passage of time is required before payment of that consideration is due.

Historical experience of product returns is used to estimate the number of returns on a portfolio level, using the expected value method. It is considered highly probable that significant reversal in the cumulative revenue will not occur given the consistency in the rate of return presented in the historical information.

All revenue is stated net of the amount of goods and services tax.

MARCOOLA SURF LIFE SAVING CLUB

ABN: 12 214 510 181

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2020

In the comparative period

Non-reciprocal grant revenue was recognised in profit or loss when the Association obtained control of the grant and it was probable that the economic benefits gained from the grant would flow to the Entity and the amount of the grant could be measured reliably.

If conditions were attached to the grant which must be satisfied before the Association was eligible to receive the contribution, the recognition of the grant as revenue was deferred until those conditions were satisfied.

When grant revenue was received whereby the Association incurred an obligation to deliver economic value directly back to the contributor, this was considered a reciprocal transaction and the grant revenue was recognised in the statement of financial position as a liability until the service had been delivered to the contributor; otherwise, the grant was recognised as income on receipt.

The Association received non-reciprocal contributions of assets from the government and other parties for no or nominal value.

These assets were recognised at fair value on the date of acquisition in the statement of financial position, with a corresponding amount of income recognised in the statement of profit or loss and other comprehensive income.

Donations and bequests were recognised as revenue when received.

Interest revenue was recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Rental income from operating leases was recognised on a straight-line basis over the term of the relevant leases.

Revenue from the rendering of a service was recognised upon the delivery of the service to the customer.

MARCOOLA SURF LIFE SAVING CLUB
ABN: 12 214 510 181
INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
MARCOOLA SURF LIFE SAVING CLUB

Opinion

We have audited the financial report of Marcoola Surf Life Saving Club (the association), which comprises the assets and liabilities statement as at 30 April 2020, the income and expenditure statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the certification by members of the committee on the annual statements giving a true and fair view of the financial position and performance of the association.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of the association as at 30 April 2020 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements and the requirements of the Associations Incorporation Act 1981 (Queensland).

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the association to meet the requirements of the Associations Incorporation Act 1981 (Queensland). As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the Committee for the Financial Report

The committee is responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the Associations Incorporation Act 1981 (Queensland) and for such internal control as the committee determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee is responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the committee either intends to liquidate the association or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee.

MARCOOLA SURF LIFE SAVING CLUB
ABN: 12 214 510 181
INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
MARCOOLA SURF LIFE SAVING CLUB

- Conclude on the appropriateness of the committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

From the Club Captain - Rob Jenkins

Season 2019/20, my inaugural as Marcoola Surf Life Saving's Club Captain, is well and truly past, and on reflection what an interesting one it was on many fronts! When I accepted the role a little over twelve months ago, I could not have possibly envisaged what was to unfold over the coming year.

Before we had even begun our official season a number of us had been training early on Saturday mornings, which as it turns out was the reason we as a club were able to respond so quickly to play a major part in the search for a missing free-diver, sadly found deceased in 20 meters of water a few kilometres east of Old Woman Island. Whilst many of us were there that morning a special mention must go to two of Marcoola's finest, Riley Palmer and Stewart Morrison who ended up being tasked with an exceedingly difficult assignment.

As the year rolled, we had issues unfold, which threw things out of shape for a while, however, members involved displayed the characteristics that define our club, we have identified historic issues and are moving toward best practices in the future. On a positive note, having past Club Captain Geoff Jeffcoat's return to the SLS movement and our club has been a huge asset to me and everyone in the club, so thank you, Geoff, for all your encouragement and guidance.

It would be fair to say that even though I have been around the club for nearly a decade I have been incredibly surprised by what is involved behind the scenes to ensure we are compliant even in a smaller operation such as ours. Thanks go to everyone who has assisted and I'm grateful that there are many, too many to name, however, it would be remiss if I didn't acknowledge the work put in by Noel Messer, Alan Davidson, Kerry Glover, Jim Goldston, Ray Marx & Colin Heinicke did during the off-season to keep our Iconic tower from falling down the dunes! Justin Pettett, my rock of fixing all things mechanical, Brian Long for helping me tend to the boards which by the way, next season we all must look after a bit better (please, as we have no money to spend!)

A special mention to a young lady who has been at the club for many many seasons and has thrown herself into many youth development projects in that time but has now moved to Hervey Bay for work commitments. Whilst we will not be seeing your "brim to brim" smile as often, Grace Ramsay, you will always be a Marcoola gal and welcome back at any time!

A farewell to outgoing 'Club Prez', Di Lengui. Club President can often be a thankless gig! I mentioned earlier there is a lot that goes on behind normal operations that goes unrecognized, so thanks for the support you extended me in my inaugural year. We look forward to having you resume your role as an active member of Marcoola SLSC in 2021. It would also be remiss not to extend an incredibly grateful thank you to Lyn Mathison for stepping up when your club needed you the most!

To our "Boaties" and Coach Steve de Laurence. Thanks for bringing a bunch of "ratbags" to us. It has been both a laugh and a true blessing having the guys and girls around the place. Best of luck competing next year!

To our Nipper's, our JAC Chair, Amanda Janssen (another rock of mine) has achieved another fantastic year with the assistance of Andrew Cullity and all the nipper team. I am inspired every week by what is achieved, and love being involved in any way I can! Which leads me to our fantastic Water Safety Officers who turn up each weekend as well as Friday afternoons, we simply could not do it without you all being there. An honorary mention must go to Trevor Allsopp who is a legend!

Thanks to all our Patrol Captains for inspiring our active members to record the highest 100% attendance rates on record: Dave McLean, Richard Phillips, Rob McGregor, Peter Allen, Scott Waddell, Tiff Di Ianni, Riley Palmer, Peter Ward. A special acknowledgment to Peter "Tommy" Roulston who "came out of retirement" as a favour to fix a problem. Similar to Brian Long who agreed to leave his old 'Team 9 Squad' and take the reins of another. No major injuries and certainly no fatalities on our beaches. Well done, let us keep up the great work next season!

A Club Roustabout – Warren Chambers

A special thanks to a bloke most of you may not ever see or even be aware of. Whilst he can be a bit of a "cranky pants" at times he also has some valid reasons sometimes as he has been cleaning up all your week-end mess for years...and he does it for nothing! Thanks to Warren our awesome gardener, come cleaner and "Mr Driveway Sand Remover"!

If I have overlooked anyone in this brief summary, please forgive me. You're all wonderful, which is what makes our little club so great.

As we are all fully aware the season ended very strangely with restrictions all over the place. I've previously touched base with how we as a group handled that, so I am looking forward to moving on, as I'm certain all of you are so with that in mind our CTO Riley Palmer will be touching base with us all once we are given the all-clear about when we can all start to train together

2021 - "Onwards and Upwards":

Although we achieved a lot this season it's important to remember that each of us will need to be every bit as keen to improve next year. We worked on how we may refresh our beach skills as a collective this year and with the assistance of both Riley and Geoff, we will be implementing more co-ordinated "in the field" training sessions so we can all work on doing things just a little better.

When everyone does that, the results can be amazing – and if there's one thing I know about each one of you, it's that there isn't anyone who wouldn't give all to improve our club as a team effort.

On that note... It has truly been an honour and a privilege to be Marcoola SLSC's Club Captain this year I have enjoyed every single moment and I am looking forward to seeing you on the beach next season for an even bigger and better year.

From The Emergency Response Group - Dave McLean, ESM & Brian Goulding

Whilst COVID-19 certainly did affect our calls for service we still managed to respond to several calls. In June we sadly lost one of our own when former Lifesaver Natalie Ward was sadly taken from us. May she rest in Peace.

In July: In what was to be an almost déjà vu moment only some seven weeks after the tragic drowning of a jet skier at the end of last season, Marcoola members were called in again off season to assist with a missing free diver who had not resurfaced at Old Woman Island. Marcoola members went above and beyond again and along with multiple Lifeguard units, Helicopters, Coastguard, Police and Mudjimba members, a full-scale search concluded when the twenty-five-year-old male diver was located deceased on the ocean floor.

Former Surf Club member John Stewart, an experienced free diver assisted crews and located the patient whilst Water Police were arranging Police Divers from Brisbane. Marcoola Crews assisted the LG Supervisor and Water Police in the transportation of the deceased. It was a tragic end to a fishing adventure.

We sincerely thank the following members for giving up their off season in another extensive search and rescue operation along with many others who offered assistance.

Richard Phillips	John Ward	Rob Jenkins
Stu Morrison	Riley Palmer	Dave McLean
Peter Hourn	Mark Humphris	Craig Hunter-Smith
Lyn Hourn	Jim Mulheran	Di Lengui

July also saw members Bruce Claydon, Dave McLean Brian Goulding & Aaron Di Ianni called to the Bays at Coolum for reports of a surfer in trouble. Even though a surfboard was located and given to Police it turned out to be a false alarm and no one had been in trouble. The surfboard was returned to its owner who happened to leave it behind at an inopportune time which created confusion for Crews and Police that attended.

In September: We provided support to QLD Police during the Peregrine Bush Fire Emergency by lending them gear and equipment for their forward command post gaining National Television coverage at the same time.

In October: Duty Officer Dave McLean received a call at 19:07 to assist Sunshine Beach SLSC members and QPS in a search for two males who had gone missing at Sunshine. The two males had been with a third male who had fallen asleep on the beach whilst his two friends were in the water and when he woke up his two friends were missing. LS 46 was also tasked along with multiple Police units and whilst they were en route it was discovered that the two males had wandered up the beach and not into the water. All assets were stood down.

Our Duty Officers were also tasked at 17:25 to Noosa for two missing surfers who were located whilst en route to the scene.

In November: At 17:25 members D. McLean, B. Goulding, P. Hourn, L. Hourn, G. Jeffcoat and A. Schmidt were called to reports of a male SUP rider in trouble 100m off Boardwalk LG tower. An extensive search was conducted and LS46 placed on standby and POL AIR became airborne from Caboolture. Crews used 4WD's and SSV along with Police vehicles to search from Mudjimba to Yaroomba. Police were happy with the search conducted and stood all assets down at 18:35 at last light.

Marcoola Members Amanda Janssen and her band of trainers doing Nipper board training were alerted at 17:46 to a male with a dislocated shoulder at Beach Access 98 where Lifeguards had finished for the day. The patient's friends had run to the Surf Club to get assistance. Amanda and her team dealt with the injury until QAS arrived and the patient was transported to hospital.

In February: Duty Officers were tasked with Operational Support to two Jet Skiers who had come adrift in Pumicestone Passage whilst the SLSQ Tasking Officer investigated on scene. The two males made it back to the boat ramp and confirmed with Police and SLSQ that they were the ones in trouble.

In March: Dave McLean and Brian Goulding were tasked to an overturned vessel at Maroochy River Mouth at 06:15. Upon arrival along with QAS the vessel was located some 15m offshore. Assistance was given to bring the 3m tinny to shore. The three occupants were assessed by QAS and then returned by Marcoola 4WD to their vehicle to retrieve their trailer and boat. Indeed, a lucky escape.

In April: We received a call from SLSQ Tasking Officer re four persons clinging to a kayak at Peregrine. Due to the call coming in at 18:20 and fading light a full night time qualified Search and Rescue team was tasked, which included Members D. McLean, B. Goulding, B. Mills, J. Goulding, G. Jeffcoat and A. Schmidt along with two Noosa night qual Jet Ski Crews and multiple Police units as well as the POL AIR Helicopter and an on-scene off duty Lifeguard. POL AIR was tasked from Brisbane and Marcoola crews liaised with QPS on scene whilst Noosa crews prepared the skis for a night-time search.

Crews had no light, but favourable conditions. However, they also had to deal with friends of the missing persons becoming hysterical. Fortunately, there were only two persons who had been fishing on a kayak and were located several hundred metres to the north. They had been fishing and were not in any danger. The search was called off at 18:17 once Police confirmed the males were the ones in question.

The above call outs are always a timely reminder of the inherent dangers of the ocean and our need for Vigilance and Service. We commend our members who go above and beyond their normal call of duty to provide this value, added assistance and lifesaving service for Surf Life Saving Qld and the general public.

From The Chief Training Officer - Riley Palmer

As the season winds down, it feels quite different reflecting on the year that was. Without dwelling on the Coronavirus threat, this season was very successful for training. Although, it did not come without its challenges. The only way I get through it all is due to the help of our Trainer, Assessor and Facilitator team. I am very grateful for the calibre and knowledge that our team has. It is always a pleasure working with such an experienced and seasoned group of people.

As always, starting the season with the September Bronze/SRC squad is always a brilliant and rapid introduction to what will come over the next eight months. While a smaller group than usual, we were still very impressed with what the participants achieved over the week. Especially for the SRC's, they progressed in leaps and bounds and were well equipped by the end of the week. As always, a massive thank you to all my trainers, water safety and helpers, your work does not go unnoticed. Special mention to Jill Hamilton, it was never my intention to hand over so much of this course but as always, you took it like a champ and we now have eleven more Bronze Medallion holders and six more SRC's patrolling our beaches.

I was very happy with the response to Skills Maintenance this season. There were some key changes and additions, especially around application of tourniquets and changes to severe bleeding treatment. Exclusion zones were introduced around the shark nets. As always Marcoola members were eager to learn and refresh their skills. We only had eight members non-proficient by December 31, 2019. Just remember, the earlier you complete it, the easier the conditions will be for you.

The traditional six-week course kicked off in October, thanks to John Ward and Jill Hamilton for helping run this course. Another fourteen Bronze Medallion and three SRC holders added to the patrol roster. It has been great to see these new members take lifesaving in their stride and get involved with the many facets that the club has to offer. Marcoola is having high success with the Nipper parent pathway, what better way to help out on a Sunday than to be in the water with your kids. I highly encourage all parents to consider this option, it makes the morning go much quicker, I promise!

I would also like to acknowledge the contribution from Marcoola SLSC to ensure that all our TAF team are upskilled. There is a lot of work that goes into being a Trainer, Assessor, Facilitator and with the introduction of the new Certificate IV in Training and Assessment, plenty of upgrades took place for our team this year. It was a massive commitment for our team to make sure that we have the adequate skills to be able to continue our high standard of training at Marcoola.

Further to above, training and assessing is a brilliant pathway in lifesaving if you wish to pursue it. I have been blessed with many opportunities that I usually wouldn't have had access to in another profession. These qualifications are also nationally recognised, which makes you very employable. A trainer needs many qualities to be successful, employers can instantly see that when they read your resume. I would ask you to highly consider following this pathway, the club will support you all the way.

For those that do not know, currently the Bronze Medallion is equivalent to a Certificate II in Public Safety (Aquatic Rescue) – PUA21012. A new training package was released on 16/07/2019, PUA20119. SLSA have been gearing up to release this new package to our members, this will include key changes to the Bronze Medallion training, as well as more content in the Skills Maintenance in the coming season. In anticipation for the new training package next season, myself and the TAF team will do everything we can to wrap our heads around it before we start training in September (hopefully). It is exciting to think that we will have some new knowledge to teach very soon.

With more time on my hands recently, I have been able to start implementing further improvements to the training calendar for next season. I look forward to these changes, especially around getting the best out of Skills Maintenance. I will also specifically target gaps in our patrol roster to make sure that we have plenty of qualified Life Savers on each patrol team. As with using any new resources there will be teething problems, but I am looking forward to training current skills and knowledge to current and future members.

Again, a big thankyou to my TAF team, I can't do it without you! Look forward to seeing you all next season, in whatever shape or form that may look like!

Buhk Wilkes Memorial Trophy

Both Bill Buhk and Fred Wilkes, in whose name the Trophy is dedicated, placed great emphasis on the standard of our grass roots responsibility in all aspects of surf lifesaving, not just for a few months of the season, but for the entire patrolling period. The Trophy is presented annually to the Sunshine Coast Club that meets the criteria and highest standard of proficiency both in the Club house and on the beach that these men greatly respected and firmly upheld during their time of service.

From the Youth Development Officer - Grace Ramsay

The youth program is in place to ensure the development and retention of our members through the change from Nippers to Lifesavers whilst building skills and having fun. We have an inspirational group of young adults in our surf club that have contributed to saving lives on the beach and educating the public regarding beach safety. Here is what our amazing young Lifesavers got up to this season.

We started the season off with the 2019 Marcoola Youth Camp to Lennox Heads in July. This camp was highly successful by further developing teamwork and Surf Life Saving skills all whilst having a great time. This camp could not have been possible without the help from the co-ordinators and chaperones so a big thank you to Kerri Waddell, Scott Waddell, Cheryl Rice and especially Brook Hagan and Riley Palmer! You guys are absolute legends and are what made the camp so successful. Also, a big thank you to our camp sponsors Strata Living and Yaroomba Beach.

Throughout the season our youth volunteered at fundraising events such as the Mooloolaba Triathlon, Noosa Superkidz Triathlon and Maroochydore River Paddle. These events fund the youth program and allow for more of our youth to participate in events such as Club, Branch and state level camps.

This year at Camp Commando Branch Camp we had Em-jay Jeffcoat, Saxon Jeffcoat, Shasta Wulf and Sofie Hayes as participants and Riley Palmer as a mentor. We also had our first Youth Patrol this season which was a huge success. Big thank you to everyone who volunteered.

On the surf sports front, we started the season with the Pool Rescue Competition then had four youth members compete in the Surf Rescue Competition! Huge congratulations to Em-jay Jeffcoat, Saxon Jeffcoat, Shasta Wulf, Aaron Barnard and Coach, Joe Goulding coming in fourth position at States in their first season training!

For the first time, we had an Oztag team in the Maroochydore Seniors competition. The team played in both Summer and the Autumn season before it was cut short by Coronavirus. I'd like to thank everyone who participated and supported us over this time. Over the two seasons, our team consisted of Riley Palmer, Tayla Baillie, Grace Ramsay, Josh Palmer, Cooper Denney, Jacob Brennan, Isaac Waddell, Jasmine Rice, Saxon Jeffcoat, Em-jay Jeffcoat, Lilly Herron, Jordan Priddle, Shasta Wulf, Aaron Barnard and Mischa Battisson.

This season we had the first inaugural Marcoola Youth Surf Competition. This was all thanks to Geoff Jeffcoat and Alaina Schmidt for creating this event from the ground up! You guys are incredible! A big thank you to the sponsors Waverats Surfboards, North Shore Realty, McGregor Wealth Management and Jeffcoat Electrical. Here are the talented competitors: Amelia Thatcher, Lilly Herron, Shasta Wulf, Oceah Wulf, Em-Jay Jeffcoat, Teagan Jeffcoat, Mischa Battisson, Kirra Parr, Imogen O'Donnell, Jazmin-Lea Rice, Lilly Rice, Manni Battison, Will Piva, Charlie Nannes, Saxon Jeffcoat, Aaron Barnard, Isaac Waddell, Daniel Bray and Elliott Chapman.

Throughout the season we held multiple club sleepovers which are an awesome opportunity for our youth to socialise and build as a team! I would like to send a thank you to Riley Palmer, Kirralee Barnard and Tayla Baillie for chaperoning at these and being the absolute legends that they are!

To finish it off I could not have done any of this without the support in the office and Amanda Janssen for being able to help even with your workload. You are an inspiration to me, and I want to be you when I grow up!

Brook and I have decided to officially step away from the role of Youth Development Officers to focus further on our careers. We have gained so much from this role and are so incredibly proud

of these young adults and their commitment to Surf Life Saving. We're looking forward to seeing the further development of the Marcoola Youth in years to come. See you on the beach!

From the Surf Boat Captain - Steve de Laurence

The 2019 competitive season for the Marcoola Boat rowers was one that will not be forgotten for quite a few reasons. Firstly, and most obviously, COVID-19 required us all to adjust our approach to surf lifesaving and life in general. With these adjustments came the cancellation of the State and National titles with its direct impact on our competitors. Unfortunately, the six months of training, building of confidence, improving gear had to be put on hold. However, what was achieved by the section throughout the domestic season was significant.

The club for the first time in many years fielded two competitive crews and our first women's crew (albeit in training). Impressively all rowers are under the age of twenty-five years of age with 60% of them rowing surf boats for the first time. The section balanced the commitments of club obligations including patrols with their training and carnivals. Whilst not always perfect in getting the balance right for the most part this was done very effectively with the support of the club and fantastic Patrol Captains (thank you, Peter Allen and Bryan Long).

A measure of the support we experienced was reflected in President Di, Captain Rob and Patrol Captains Bryan and Peter regularly supporting us at carnivals as we flew the Marcoola flag. There are many people to thank as it does take a lot for a small club like ours to get into the competition space. Thank you, Peter and Skip, for your support around this. Dave McLean thank you for your ongoing support and advice. The list goes on Amanda, Liv, Riley, all appreciated for your support.

Sponsorship wise we are very grateful the APEX camp at Mudjimba for storing our boats, TAPS Mooloolaba for their financial support as well the Murray family (Granny) for their financial contribution. We had support from Gary Barben from the Coolool club generously donating his time to assist in coaching crews. Many people have assisted us in making last season happen. If I have missed you, I apologise but know that your contribution is greatly appreciated. We are proud to be part of the Marcoola family.

The boat section put seven new patrolling members on the beach, and all met their patrol requirements as this is our core business. We absolutely look forward to representing Marcoola throughout the 2020/2021 season with crews to start off pre-season training very soon.

Marcoola Mochas (Under 19) crew

Jake Edgar
Matt McGill
Alex Murray
Renee Stridjon

These young men are all around the age of sixteen/seventeen competing against crews many years older than themselves. They competed well and were improving every week when their season was unfortunately punctuated by the Coronavirus. We look forward to this crew being a major threat next season as they grow in maturity, strength, and experience.

Marcoola Matatas (Reserve grade) crew

Travis Perugini
Dave Grant
Harrison Budd
Ryan Murray

After a slow start to the season, the "Matatas" steadily improved to the point where they were unlucky not to make a few finals. Without a doubt, other crews were starting to look over their shoulder as the Matatas gained on the front-runners. This crew should also continue to improve and this augurs well for the Marcoola boat section.

Marcoola Muddies (Under 23 women's crew)

Brooke Castle
Chelsea Croft
Holly Goodship
Savana Davis

These ladies are potentially the first women's crew to represent our club. They obtained their Bronze late in the season as they learned on the river how to row. The girls on several occasions helped by doing patrols when the boys were at carnivals. We hope they will stick with it next season and represent the club at carnivals.

Finally, it has been an absolute privilege to be associated with these fine young people as they proudly represented our club throughout the season.

From the Team Manager - Aaron Di Ianni

It was a very short-lived season for our senior competitors this year. We had one sole competitor at Branch Championships in Geoff Jeffcoat, who came away with the gold medal in flags. Well done Geoff! Unfortunately, States and Aussies were then cancelled due to COVID-19 restrictions. We look forward to a bigger and better year of competitions in the 2020/2021 season. If you are interested in competing and having a bit of fun, we would love to have you involved in Team Marcoola. Stay fit and healthy and hope to see you all around the place once we are back on the beach.

Officials & Coaches

Our sincere thanks are extended to our dedicated team of accredited coaches and officials for volunteering their time to train our members and officiate at many surf sports carnivals on offer to our members:

Steve de Laurance	Surf Sports Development Coach
Cheryl Rice	Surf Sports Technical Official
Garry Scotney	Surf Sports Senior Official
Denis Mathison	Surf Sports Senior Official
Scott Whittome	Surf Sports – Junior Official

Christmas Day Patrols

The club would like to extend its sincere appreciation to the following members for volunteering for patrol duties on Christmas Day:

Marty Frost	Em-Jay Jeffcoat
Richard Phillips	Lilly Herron
Karen Phillips	Alaina Schmidt
Paul Nijhof	Jim Goldston
Trevor Allsopp	Luka Pemberton
Joe Mancini	Frankie McSkimmin
Ross Pike	Cecily Messer
Geoff Jeffcoat	Isaac Waddell
Saxon Jeffcoat	

From the Communications Officer - Noel Messer

In 2018/19 Report I said, "This season wasn't the best". Well again in 2019/20 I will say the same and add we have been very lucky to even be able to finish the season. I have never seen a season finish whereby the public and beach patrols have been restricted to the extent they have, all because of COVID-19!

Firstly, I would like to thank all the Radio Operators for their excellent efforts in ensuring all patrols were covered and making sure substitutes were arranged when required. Certainly, makes my job a little easier and thank you all for the great teamwork you have shown.

During the offseason, a group of Radio Operators took on the task of renovating the Radio Room. We were given an approved budget and the job was set for us to complete. The team of Kerry Glover, Jim Goldston, Allan Davidson, Ray Marx, Col Heinicke and Noel Messer, first knocked down and replaced the southern wall and at the same time put in a new sliding window which replaced the previous fixed window. Other work involved new anchor bolts to keep the radio room attached to the foundation, new palings with stainless steel screws and finally, the exterior was covered with three coats of paint.

The Team completed the job under budget and worked approximately 180 hours in total. A big thank you to every one of you who stuck at the challenge to complete the job-ready for the 2019/20 season. One thing we did notice, Allan Davidson might be a builder, but he is not a painter.

I must thank my wife for her outstanding assistance which has provided me with a small break this season. Thank you, Cecily.

Thank you to our Christmas Day Volunteers, Jim Goldston, Frankie Macskimin and Cecily Messer for letting the rest of us celebrate Christmas and Birthdays. Again my appreciation goes out to those Radio Operators who have volunteered their time in raising funds for the Coolum/Peregian RSL Club 2019 Remembrance Day Stalls.

Our communication equipment is plentiful and in very good condition ready for the forthcoming season. Also, the Coolum/Peregian RSL have donated a Desk Paging Microphone which will come into use next season.

In closing, I would very much like to thank the Committee for the good job they are doing. Special mention to Amanda, Lyn, Jenko and Brian for their assistance and advice to myself and radio operators.

See you all back on the beach for the 2020/2021 Season.

Bring it on!

Building Committee Chair - Peter Hourn

It has been a big year for the Building Committee with a number of projects being completed. Leading the way was the replacement of the Air Conditioning systems in the Supporters Club. This was a major expense and required as the old systems were constantly breaking down and not properly cooling the area. I am pleased to say that the installation of the new systems went in without a hitch and should see the club through for the next 5 to 10 years.

We also upgraded the CCTV cameras both upstairs in the Supporters Club and also downstairs in the actives area. At the same time, data cables were installed allowing for better internet connection throughout the club for all.

The Radio Tower had a makeover which again should see it through for years to come. Thanks to Noel, Al and all who helped, for undertaking and completing this project.

The other major project for the year was replacing the screws on the roof which were allowing water to seep into the ceiling and then drip down onto the ceiling tiles in the Supporters Club making for ugly stains.

There were a number of other repairs and minor projects completed through the year and we will continue to make improvements as we go forward.

I'd like to thank the committee of Richard Phillips, Al Davidson and George Hanson. Their knowledge and assistance has been invaluable and are an asset to the Club.

Vale

Our deepest respect is extended to all club members who have suffered bereavements in their families during the year, some we knew about, some we didn't. Please accept our deepest feelings of respect and sympathy on your loss.

From the Junior Activities Chair - Amanda Janssen

Well, I think it's safe to say that the 2019/20 season has certainly been a memorable one, let's focus on only the positives & deem it as another HUGE SUCCESS for our Nipper Program. The goal of our program remains pretty simple:

"To deliver a quality lifesaving program for all members with a focus on surf awareness, surf safety & improved surf skills with an emphasis on FUN."

I think it's safe to say we 'smashed it'. In penning this report, I do hope that I'm able to portray my sincere appreciation to all contributors & do justice to the enormous successes we have had experienced again this season. So here goes....

Our Seasons Highlights:

- An impressive 185 Nippers enrolled, resulting in a 12% increase in participation numbers, making that a 49% increase in the past two seasons.
- Acquisition of dedicated funding through sponsorship & grants allowing us to purchase much needed new equipment.
- Increased opportunities for training & skill development through the employment of a Swim Coach, Board Coach and Surf Rescue Coach.
- Increased leadership opportunities for our under-fourteens through the continuation of Nipper Leadership Team.
- 25% of Bronze Medallions trained this season were Nipper parents, the majority assisting with both water safety & patrols.
- Increased social opportunities for Nippers & their families, resulting in a friendly club culture & cohesion.

The Sunday 'Engine Room':

It takes around forty volunteers to make our Sunday Nipper Program happen, week in week out. I'm so thankful for each & every one of these volunteers that work tirelessly to deliver such a quality surf education program to our Marcoola Nippers. I'm so grateful that you all continue to say 'yes' and sincerely appreciate everyone's commitment & dedication.

To our wonderful Age Managers, thank you for embracing your role with such positivity & assisting with instilling a love for the beach & surf lifesaving in our Nippers. Your coordination, dedication & enthusiasm is very much appreciated.

Thank you to our awesome, committed coaches: Swim Coaches: Lee Summers & Owen Small, Board Coaches: Rob McGregor & Rob Jenkins, Surfboard Riding Coach: Tim Jones, Sprint Coach: Fatima Giles (who we welcomed back with open arms after a stint in the country) & Surf Education Officer: Dave McLean, ESM who happily imparted his lifesaving knowledge to our nippers on a regular basis. Special mention must go to Jazmin-Lea Rice & Em-jay Jeffcoat who identified a gap in the program & both stepped in to take charge of the Flag Coaching, pretty incredible at such a young age!

To our incredible team in orange, the Water Safety Officers, heartfelt thank you! Without this crew of volunteers, we would not be able to get each and every one of our nippers in the water. To the nipper parents: Cathy Brierley, Samantha Bruton, David Hershmann, Isaac Holahan, Craig Lander, Scott Rainbow, Nathan Rosevear, Alaina Schmidt & Iain Dunbair who answered my pleas for help, completed their Bronze Medallion or Surf Rescue Certificate and joined the water safety team, I sincerely thank you. By completing the training & your willingness to assist meant we were able to cater for the increase in membership again this season. Appreciation is also extended our hard-working team of Trainers & Assessors for getting these guys through their training.

While I'm incredibly thankful to all those that pulled on the orange vest this season. I would like to acknowledge those Water Safety Officers that have contributed over 25 hours to the program:

Trev Allsopp
Steph Thatcher
Luka Pemberton
Ben Marsden
Simon Drehlich
Mischa Battison
Kurt Barnard
Joe Mancini

Lilly Herron
Em-jay Jeffcoat
Daniel Bray
Elliott Chapman
Alaina Schmidt
Charlie Nannes
Jazmin-Lea Rice
Keira Parr

Craig Lander
Sammy Bruton
Shasta Wulf
Scott Rainbow
Emma Holahan
Saxon Jeffcoat

I do want to single out three amazing contributors to our program. None of these men have children in our program, however, have happily contributed countless hours this season & have been an incredible support!

Firstly, to my right-hand man, the very committed & loyal Andrew Cullity, your contribution, backing & enthusiasm for our program never ceases to amaze me. Sincere appreciation for all that you do! Next to the dependable & very devoted Trev Allsopp, who has pretty much attended every Friday afternoon board training session & Sunday morning Nipper session. Trev, I've said it once & I'll say it again – you're a legend! And lastly to our ever reliable & passionate Club Captain, Chief Water Safety Officer & Board Coach Rob 'Jenko' Jenkins, whose contribution to improving water confidence & surf skills is to be commended. I know each of you gents get such a kick out of seeing our nippers skills improve, please know that your contribution is genuinely appreciated.

Next, to our amazing super-mum & BBQ Coordinator, Anita Short, who may possibly have one of the more tedious roles on the team with the endless purchasing, preparing, cooking, serving & clean up each week (all with a wee bubba tucked under her arm). Please know that your efforts in ensuring we are all well feed each week is very much appreciated. A big thank you to all those parents that have helped with BBQ duties this season – our rostering system certainly made things easier. Special mention & thank you goes to Lisa Kingsbury who was always there to assist with cooking & service duties.

I must also extend a heartfelt thank you to Em O'Loan our Clothing Coordinator for her commitment in ensuring our nippers were kitted out in fresh uniforms & all-round legend James Rice for his ongoing commitment and support.

To the 'retiring' Rob McGregor & Karen Menzel who have both made a significant contribution to our Nipper Program over many many years, Rob as JAC Chairman (over 3 impressive terms) & Board Coach and Karen as Secretary. Thank you for everything you have done!

Nipper Leadership Team:

What an incredible group of humans you are! Congratulations to the following Nippers on their appointment.

Captains: Em-jay Jeffcoat & Kurt Barnard
Mentors: Daniel Bray, Charlie Nannes, Elliott Chapman & Mischa Battison

Thank you for the leadership & support you have provided throughout the season. Your efforts with training, water safety & mentoring our future lifesavers is very much appreciated. Our youngest lifesavers adore you all.

I would also like to acknowledge the incredible contribution of our outgoing Youth Development Officer, Grace Ramsay. Your efforts in welcoming, encouraging & guiding our Under 14's into the 'senior' Club has been incredible. You, my friend, are a dead set legend! We wish you well in your new Nursing career and can't wait to see your smiling face on the beach (better still in the orange water safety vest) from time to time. Thank you for everything you have done for Marcoola SLSC over many years!

Training & Surf Sports:

We had a small but very dedicated team represent Marcoola at surf sports carnivals this season. Congratulations to all those that pulled on the orange & white cap & well done on some outstanding results. The COVID crisis resulted in the cancellation of the Junior State Championships, I do feel for those competitors that trained all season to have this opportunity snatched away from them! Onwards & upwards next season.

Thank you to our expert Swim Coach, Peter Dale & Board Coach, Conor Burrows for their efforts in improving our nipper's skills & fitness again this season.

This season we were lucky enough to secure the coaching expertise of Joey Goulding in the area of Surf Rescue Competition. To Saxon Jeffcoat, Em-jay Jeffcoat, Shasta Wulf and Aaron Barnard – thank you for fully embracing this opportunity & congratulations on your incredible results at both Branch & State Competition. Joey, what you managed to achieve with this little team was incredible. I can't wait to see where this leads in the future.

Thank you to our incredibly dedicated & ever-reliable Team Manager, Cath Brierley – thank you for everything that you do for these competitors (and not forgetting your massive contribution to so many other facets within our Club). Thanks is also extended to our Officials & Carnival Water Safety Officers who volunteered their time to ensure our team was able to compete!

Sponsors & Supporters:

Many of these projects & outcomes could not have been achieved without significant financial support by our incredible Junior Activities sponsors & supporters. A BIG thanks to the following organisations for their contribution:

- Queensland Yoghurt
- Small World Migration
- Surf Air Beach Hotel
- McGregor Wealth Management
- Wave Rats Surfboards
- The Maintenance Company
- Flow on Plumbing
- Marcoola Community Group
- Nakula Plant Based Products
- Strata Living

I do hope each organisation is proud of their association with our program & will be happy to continue their contribution again in the future. We are also extremely grateful to receive much-needed funding for additional gear & equipment through the Sunshine Coast Regional Council.

The appreciation continues:

Each Wednesday night in the Supporters Club we conduct our 'Nipper Raffle', with proceeds making up a substantial portion of our operating budget. Thank you to all our raffle donors & ticket sellers this season. Your efforts are appreciated.

To the Marcoola SLSC Management Committee, thank you for your time, effort & commitment to the governance & operations of our Club. The support provided to the Junior Activities Program this season is very much appreciated.

I would like to extend a massive thanks to Club Stalwart, Lyn Mathison. Lynnie, I've always admired your commitment & passion for Marcoola SLSC. It seems that hasn't altered at all since retirement. Thank you for your continued support & massive contribution to not only our nippers but our entire club operations. Not sure I would have got through it without you!

To all of our nipper parents, 'good on you guys' for enrolling your children in Nippers (while sacrificing your Sunday mornings). I do hope you see value in what the Junior Activities program has to offer – we not only aim for vital surf skills & surf awareness but instil life skills that can't be taught anywhere else. I also hope we play some role in our Nippers making 'friends for life'.

It would be wrong of me to sign off without acknowledging my incredibly understanding family. To my husband Corey and two boys, Mace & Jack, thank you for your patience & acceptance of my passion for all things Surf Life Saving & Marcoola SLSC. Thank you for allowing me to do what I love with very little fuss! I actually can't wait to have both boys involved in the program next season.

I do hope that I have managed to express my appreciation & gratitude to all involved in delivering a very successful program again this season. When commencing this report my biggest fear was that I wouldn't be able to express in words, my sincere thanks & appreciation to all contributors or even worse, I would leave someone important out, if I have I can ensure you it was not intentional.

Given all that has gone on in 2020, now more than ever, Community is Everything! I do hope a sense of the strength of our Marcoola Surf Club Community has been felt this season & each & every one of our Nippers & their families had a memorable season.

Count down is on 'til September. Can't wait to have the salt in our hair and sand between our toes again!

Junior Activities Sponsors & Supporters

Thank you to our Junior Activities Sponsors & Supporters for helping to make Sunday's FUN-days!

Little Nippers

The brothers and sisters of our Nippers. An excitable bunch of future lifesavers lead beautifully by Maddi Short, Rhys Kingsbury and Lisa Rosevear. How cute do they look?

Surf Aware One Under 8's

Our littlest lifesavers started the season carefully and cautiously, but each week we saw them grow in confidence and the improvement in their skills both in the water and on the sand was wonderful to witness... Their smiles just got bigger and bigger each week. To say first time Age Managers, Tammy Allen & Lisa Nugent were completely thrown in the deep end is an understatement!! Thank you to you both, you incredible humans, for your commitment and enthusiasm in making our newest Nipper's first lifesaving experience a memorable one

Surf Aware Two

Under 9's

What an energetic and excitable bunch this crew are... It's been amazing to witness such a significant growth in their capabilities... This season many of these Nipper's were challenged to step outside their comfort zone by swimming that little bit further or paddling that little bit faster, I've loved witnessing the courage, bravery & sense of achievement when they smashed their latest goal. To the amazing, Jess Quilty & Helen Chapman, thank you both for your endless enthusiasm and dedication in guiding this big group. You two make a wonderful team!

Surf Safe One

Under 10's

Such an eager bunch of future lifesavers... The surf and sand skills of this group have improved significantly again this season. It's been a pleasure to watch them tearing through the surf, racing down the beach & genuinely enjoying their Sunday's.

The Red Cap's are by far our largest age group, so given that the BIGGEST thank you is extended to their wonderful Age Managers Kathy McGuigan, Sarah Marsden and Murray Egan for their guidance and encouragement but mostly for keeping this crew well organised and on task!

Surf Safe Two

Under 11's

This energetic & enthusiastic bunch have had a fabulous year! There have been some great surf & beach skills displayed from this group. It's been exciting to witness their confidence & capabilities improve throughout the season. Thank you to our committed & very organised Age Managers, Mike Short & Mark Chapman for guiding & encouraging our smallest group. This crew certainly know how to inject FUN into each Sunday.

Surf Smart One

Under 12's

This crew have had another huge season, showing significant improvement in their lifesaving knowledge. I've loved watching them ripping up the waves and tearing down the sand. Lots of friendly competition & banter on display. Big thanks to Age Managers the ever reliable Dan Quilty & Scott Whitome for their expert guidance with this large group. Can't wait to see these Nipper's in the Club Cap next season for their last year in the program.

Surf Smart Two

Under 13's

A fun, committed and knowledgeable bunch of 'almost lifesavers' that have had a wonderful year in the surf and on the beach. I've loved watching the great friendships develop within this group! A big thanks is extended to their wonderful Age Managers, Cheryl Rice & Steve Martin for their leadership and dedication to this group. I can not wait to see this crew assisting with water safety and in the red and yellow uniform patrolling our beach next season... The ultimate goal of our Nipper program!

Surf Rescue Certificate

Under 14's

What an incredible bunch of Surf Lifesavers you have become! Congratulations to our Under 14 members that successfully gained their Surf Rescue Certificate and joined our patrolling ranks and lets not forget Age Manager Cath Brierley who gained her Bronze Medallion alongside them all.

Secretary
Marcoola Supporters Club

Supporters Club Presidents Report - Craig Hunter-Smith

The last twelve months of the commercial operations of the Marcoola Surf Club has seen an unprecedented number of changes, internally and externally. A new Club Manager, new Executive Chef, some new Committee members, all producing exciting changes to deliver a Club which the community could take a great deal of pride in. Then COVID-19. It has slowed us in the development of our product but this is only a short time delay and I am sure that we will be back on track very quickly.

It was very encouraging to see the staff responding to the needs of our community during COVID-19 with the delivery of food to those in need. A job well done to all. This shows the true community spirit which the Club is renowned for.

A sincere thanks also goes to the Government initiative of the Cashflow boost as well as JobKeeper, without which the Club would have lost significant reserves. To enable the majority of our staff to remain attached to the Club was instrumental in guaranteeing a recent successful re-opening.

The financial results were very encouraging pre-COVID-19. We achieved our budgeted rental commitment of \$150,000 as well as the cash donations of \$100,000. We were on target to provide an over-budget result, however, the forced closure of one and a half month's trading obviously impacted the final result. The surplus of \$306,136 reflects a great team effort.

Thanks must go to the Australia Day committee as the Marcoola Rocks function again proved to be a resounding success. The event is now firmly accepted as a major attraction and hopefully, with the support of our local community, we will continue to build on this success.

Gaming has seen a good increase in revenue and the Marcoola Club continues to be rated highly within our region. As is usual a gaming audit was performed by the State government with all items adhered to. Three new machines were purchased during the year and together with the upgrade of various games, the returns are proving to be the best performance we have received for the last six years. Bistro 103 is regarded as one of the best dining options in our extended community providing quality food at good prices. The quality and presentation of the food is outstanding, and congratulations must go to Adam and his team. The front of house continues to get excellent reports on their friendly and efficient service.

The Bar continues to be the focal point of the Club and the staff are always excellent in their service delivery. Congratulations to the team for providing the family-friendly service Marcoola SLSC is renowned for. A special thank you to the Club Manager Jono McCosker for his dedication during a very difficult last few months. Jono's enthusiasm leads the team and reflects our customer relations. I'm looking forward to tackling future planning with Jono and the team.

I would like to thank the committee for the giving of their time over the past year. The committee comprises long-standing members Peter Hourn, Rob McGregor, Peter Ward, and Ian Hunter with the new boys being Drew Palmer and Corey Janssen. The meetings have always been congenial and progressive, and it is important that we continue to look over the horizon and continue to develop our Club to meet the community's needs.

I would also like to take this opportunity to thank the major sponsors of the Supporters Club who with their generosity make donations for the benefit of our Surf Club and support and sponsor our Club and all events. We truly appreciate your financial support and without your dedication and support, our Club could not be where it is today. Thanks to all our business partners and sponsors.

Finally thanks to all the patrons who have supported the club over the past year. We hope that you continue to support the Marcoola Surf Club as we intend to continue to provide the same efficient and friendly service with our current facilities for many years to come. From the committee, management and staff we look forward to seeing you at the club during the upcoming year.

Supporters Club Treasurer - Rob McGregor

Wow, that year was a bit different. A change of manager and then a total shutdown, nearly 6 weeks before the end of our trading year. That meant our operating surplus was down by \$70k for the year. But still resulted in a surplus of \$306k. The supporters club made total payments (donations and rent) to the Marcoola Surf Club also of \$306k.

There are some people I would like to thank and also some financial highlights and observations to point out. Firstly, I would like to thank all our awesome frontline team in the bar and bistro. My personal opinion and a view shared by our patrons, I believe, is that they are as good as any team we have had. Well done to Jono and Leigh for leading the team through an "interesting" year.

Bistro food standards have been consistently high, and our super friendly bar team make members and guests feel very welcome and always go about their work with a smile and a personal touch. Well done Team. It was gratifying that we were able to keep fourteen team members on JobKeeper during the lockdown and at the time of writing we are reopening with the same loyal and dedicated crew.

I would like to thank the rest of the committee for their continued top efforts this year and many years in the past. We are very ably led by President Craig Hunter Smith whose vast experience was invaluable during this crazy year. Thanks, Craig for guiding the club so wisely through a tumultuous year.

For what it's worth (given we missed 6 weeks of trade – including Easter), some financial highlights below:

Our income in all three key areas of the Supporters Club was solid:

- Bar Sales down only 0.5 %
- Bistro Sales down only 0.6 %
- Gaming Income actually up 6%
-

Gross Profit was down 0.9% on Bar Trade, up 8.2% for the Bistro and up 6.2% for gaming. Total operating expenditure was up 10.3% which left our total Operating Surplus down 18.7% - a reasonable result considering it was cut short nearly 6 weeks.

From The Supporters Club Operations Manager - Jonathan McCosker

With a background in frontline Hospitality Management and having already been a part of the team here since 2016, I took on the Club Managers role in July 2019. Since my appointment, we have been able to build on the Clubs foundations: with a change in attitude and culture amongst the employees, innovation, changes to our Management structure, and many upgrades to the Clubs facilities. We achieved our main objective: to increase the everyday cashflow of the Club and meeting its primary function of financially supporting and sustaining the Surf Club's lifesaving activities.

We upgraded our Gaming Room to the industry standard card-based gaming system, providing a more private and seamless gaming experience for our patrons and taking the weight off the staff, who are now able to focus further on customer service throughout the club. We also purchased two new machines and turned over another six machines to the latest gaming software, which has kept us up to date with the current offerings from our competitors.

At the bar, we reviewed the current contracts with our main suppliers and renegotiated expired agreements securing the best possible pricing and support. This has enabled us to increase our draught beer range with the addition of four new beer taps, increasing options for our packaged beverages range, and most importantly kept our pricing competitive.

In entertainment, we've built a great relationship with local professional musician Carl Lynch, who not only regularly plays at the Club but also sources and handles most of the upcoming artist bookings and assists with larger entertainment events, such as the successful Marcoola Rocks Australia day event. This has proven to be a great partnership as we have managed to foster a reputation for having great regular entertainment in the live music scene.

In our restaurant, we welcomed a new Head Chef Adam Watkins who with his team of Chefs launched 'Bistro 103' with a competitive diverse menu which improved the Clubs dining experience and was reflected favourably in reviews and feedback.

The air-conditioning system was given a much-needed upgrade upstairs as well as a new CCTV system, which has given us the ability to assist management in dealing with incidents and provide footage to improve the smooth functioning necessary for a club of our size. A new audio/visual system has enhanced the Clubs atmosphere and provided our members and visitors with vital in-house communication of events, deals, functions and regular events.

The Governments JobKeeper program allowed us to retain our employees while we coordinated the re-opening of the Club, and to progress unheeded to foster a safe and friendly space. Our staff were encouraged to take on transitional tasks in maintenance, procedures and marketing to get the Club prepared to reopen. COVID-19 was a curveball that we managed to dodge with the help of Clubs Queensland's policies and procedures. We were lucky to have a dedicated team who worked well together, in coordination with the procedures and maintained a stress-free environment, amid the uncertainty.

With the Committee's backing, we were able to give back to the local community, who have supported us over the years, by delivering over five hundred meals! We were able to get the word out in various media platforms to get the clubs name out there in a positive and unprecedented way. With the assistance of Clubs Queensland's marketing team, we were able to get on 7NEWS Sunshine Coast. Generous regular announcements on Sunshine FM Radio. Special thanks to Fiona Simpson who promoted our community outreach. We were able to get front-page stories in two local newspapers and feature in Fiona's community magazine.

I would personally like acknowledge our Committee for their unwavering support and for the opportunity to take the Club to the next level and particularly to Craig Hunter-Smith for your leadership, advice and mentoring, Amanda Janssen for your enthusiasm, commitment and advice as well as Lyn Mathison for your candour and coming out of retirement.

Special thanks go to Leigh Briggs in her 2IC role for her support, encouragement and drive, as well as her focus on our Gaming's capabilities, which provides the Clubs financial backbone. Thanks to Charlie who stepped up this year to take on a vital Duty Managers role. Thanks to Tahnee for your passion, energy and

hard work. Last but certainly not least our casual kitchen, floor and bar staff who bring vital flexibility and friendliness to their roles. We are lucky to have a reliable, hardworking and dedicated team!

We are a community-based organisation with seasonal opportunities. The Club will benefit from bridging-the-gap between 'upstairs' and 'downstairs' by maintaining alignment of each other's functions and mutual ambitions. This is a novel time; we have proved that when a community is faced with a challenge it can show solidarity by coming together and paying it forward.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2020

Note 1 Summary of Significant Accounting Policies

Financial Reporting Framework

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the *Associations Incorporation Act 1981 (Queensland)*. The committee has determined that the association is not a reporting entity.

Statement of Compliance

The financial report has been prepared in accordance with the *Associations Incorporation Act 1981 (Queensland)*, the basis of accounting specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of Accounting Standards AASB 101: *Presentation of Financial Statements*, AASB 108: *Accounting Policies, Changes in Accounting Estimates and Errors* and AASB 1054: *Australian Additional Disclosures*.

Basis of Preparation

The financial statements have been prepared on an accrual basis and are based on historical costs. They do not take into account changing money values or, except where stated specifically, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

(a) Income Tax

The income tax expense (income) for the year comprises current income tax expense (income). The Association does not apply deferred income tax expense (income).

(b) Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all PPE is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Gaming machines	20%

(c) Impairment of Assets

At the end of each reporting period, the committee reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in the income and expenditure statement.

(d) Employee Provisions

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

(e) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

(g) Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

(h) Leases

The Association as lessee

The Association has a short term lease in place for the lease of premises from Maroolia Surf Life Saving Club. As it is a short term lease, the lease has been expensed as it is due and AASB16: *Leases* does not apply.

MARCOOLA SURF LIFE SAVING SUPPORTERS CLUB INC.

ABN: 99 039 656 217

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2020

(i) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

(ii) Revenue

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Revenue recognition

The Association has applied AASB 15: *Revenue from Contracts with Customers* (AASB 15) and AASB 1058: *Income of Not-for-Profit Entities* (AASB 1058) using the cumulative effective method of initially applying AASB 15 and AASB 1058 as an adjustment to the opening balance of equity at 1 January 2019. Therefore, the comparative information has not been restated and continues to be presented under AASB 118: *Revenue* and AASB 1004: *Contributions*. The details of accounting policies under AASB 118 and AASB 1004 are disclosed separately since they are different from those under AASB 15 and AASB 1058, and the impact of changes is disclosed in Note 1.

In the current year

Interest Income

Interest Income is recognised using the effective interest method.

Income from sale of good

Revenue is recognised when control of the products has transferred to the customer. For such transactions, this is when the products are delivered to the customers. Revenue from these sales is based on the price stipulated in the contract. Revenue is then only recognised to the extent that there is a high probability that a significant reversal of revenue will not occur.

A receivable will be recognised when the goods are delivered. The Association's right to consideration is deemed unconditional at this time as only the passage of time is required before payment of that consideration is due.

All revenue is stated net of the amount of goods and services tax.

In the comparative period

Interest revenue was recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument.

Revenue from the rendering of a service was recognised upon the delivery of the service to the customer.

Note 2 Accounts Receivable and Other Debtors

Note 4 Related Party Transactions

Transactions between related parties are on normal commercial terms and conditions no more favourable than those available to other persons unless otherwise stated.

There is a close affiliation between the Association and the Maroolia Surf Life Saving Club with all surplus profits of the Association being donated to the Club.

MARCOOLA SURF LIFE SAVING SUPPORTERS CLUB INC.
ABN: 99 038 656 217
INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
MARCOOLA SURF LIFE SAVING SUPPORTERS CLUB INC.

Opinion

We have audited the financial report of Maroolia Surf Life Saving Supporters Club Inc. (the association), which comprises the assets and liabilities statement as at 30 April 2020, the income and expenditure statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the certification by members of the committee on the annual statements giving a true and fair view of the financial position and performance of the association.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of the association as at 30 April 2020 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements and the requirements of the Associations Incorporation Act 1981 (Queensland).

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the association to meet the requirements of the Associations Incorporation Act 1981 (Queensland). As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the Committee for the Financial Report

The committee is responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the Associations Incorporation Act 1981 (Queensland) and for such internal control as the committee determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee is responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the committee either intends to liquidate the association or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee.

MARCOOLA SURF LIFE SAVING SUPPORTERS CLUB INC.
ABN: 99 038 656 217
INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
MARCOOLA SURF LIFE SAVING SUPPORTERS CLUB INC.

- Conclude on the appropriateness of the committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
