PROUDLY PRESENTED BY:

From the President - Peter Hourn

Well, another challenging year is behind us with Covid related issues impacting at various times during the season. While this has made life more difficult, it is pleasing to see that the club continued to function as normally as possible and once again no preventable deaths on our patrolled beach. A very big thank you to all patrolling members who continue to put in numerous hours to keep our beach safe. The statistics for the season bear out just how big a commitment this is:

- Rescues: 17
- Preventative Actions: 273
- First Aid Treatments: 54
- Beach Visitations: 30,051
- Hours Patrolled: 7837

A special mention and huge thank you to Club Captain Rob "Jenko" Jenkins for the time and effort he has put into the club over the last couple of years. Jenko will be stepping down this year but will not be lost as he takes on the role of Volunteer Officer so we will all still see plenty of Jenko around the club. Once again thank you for your efforts over the last couple of seasons.

It has been a very busy year for the club, not the least of which was the number of new Bronze members that have been put through. This is a great sign going forward and I would like to welcome every one of the new members and look forward to seeing you all for years to come patrolling on the beach. Of course, this would not be possible without the efforts of our trainers and assessors led by Chief Training Officer, Riley Palmer. These trainers & assessors not only conduct the Bronze course but numerous other courses through the year to keep us all up to date and proficient.

This year saw our Nippers sign on in record numbers and despite the Covid regulations it was a very successful year. The amount of work that went on before and after Nippers, each Sunday was extraordinary. I would like to thank Amanda Janssen, Andrew Cullity and their team who made all this possible. This was on top of the usual running of the Nippers program during the morning which required large numbers of water safety, coaches, team managers and numerous other volunteers to make it happen.

The youth had a big year, thank you to Alaina Schmidt for coordinating activities culminating in winning the Sunshine Coast Club Spirit Award at the Youth Ball held at the beginning of May. We look forward to the youth developing and growing through the ranks of the club. I would also like to thank Geoff Jeffcoat who appeared to be everywhere throughout the season, helping with among other things, the youth, training, and doing inspections of the patrols.

To all other officers thank you for your contributions through the season, I apologise but there are too many of you to name. Your work behind the scenes is invaluable and makes our club a standard bearer in Surf Life Saving.

It was again another quiet year for Marcoola on the competition front with the shining light being Lily Rice coming 6th in Under 14 Beach Flags at the Aussie Youth Championships. Our surfboat crews were also active again with a Reserve Grade, Under 19 and women's crew representing the club during the year. A stellar effort from all involved and a special mention to Stephen DeLaurence for the program he has developed over the last three years. There were some great results which I will leave for the Boat Captain in his report, but we look forward to an exciting future.

Once again, we had a team and individuals in the Champion Lifesaver competition who performed to a very high standard. It is very heartening to see our young members embracing this competition and look forward to seeing this aspect of competition grow within the club.

As with any club, there is a lot of work that goes on behind the scenes and I would like to thank the committee members for their efforts in keeping the club running smoothly. I cannot mention everyone, but a lot has been achieved this year and has put the club in a very sound position going forward.

There have been some changes in the background with the biggest being the passing of a new Club Constitution and By Laws. These changes which are already in place will be more readily seen when the new Board is elected for the first time under the new constitution. The club redevelopment is under way with a lot of planning going on behind the scenes. The most significant to date being the lodgement of the BBRF grant application. I would like to thank the steering committee who were meeting weekly for some time and especially Debby Mulheran for the time and effort she put into writing the funding application. If we are successful, it will be largely due to your efforts.

To our sponsors big and small thank you for your contributions which are greatly appreciated and in no small way helps assist the club in purchasing and maintaining our gear and equipment. I look forward to a long and fruitful relationship as our no longer "small community" continues to grow. A special thanks to our major sponsors:

- Yaroomba Beach
- Austraffic
- North Shore Realty

To the Supporters Club Committee ably led by Craig Hunter-Smith (who has been President for more fingers than I have on my hands), thank you for the continued financial contribution, without which we as a club would not be able to function anywhere near as efficiently as we do. Despite Covid 19 the Supporters Club has managed to contribute more than was budgeted and because of this we are in a very sound position going forward.

Another big change this year was the appointment of Drew Palmer as General Manager to oversee all operations. Thank you Drew for the work you have done to ensure everything runs smoothly and better aligns with our goal of providing a gold standard Surf Life Saving Club. With your efforts we look forward to growing the club for our members and more importantly providing a safe swimming environment for the general public.

To Amanda and Lyn (so much for retirement) thank you for all your work through the year. It has not been easy with a large increase in paperwork due to the growth of Nippers and the increased number of SRC and Bronze course members. It is not only paperwork but all the associated things that have to happen to make the club run smoothly. It is a credit to you both how the club has functioned over the last year especially with the growth in members.

It was with a tinge of sadness that Warren, who has been cleaning downstairs for as long as I can remember, informed us that due to ill health he would no longer be able to continue in this role. We wish Warren all the best and look forward to seeing him upstairs for a beer from time to time.

Lastly thanks to my wife Lyn who puts up with my time spent at the club for the numerous meetings that I must attend.

To wrap up it has been a big year with an exciting time for the club coming up in the next few years especially with it looking like we will have 12 patrol teams next season. As we continue to grow it is also very important that we do not forget where we have come from and maintain our friendly family orientated club.

From the General Manager – Drew Palmer

Since taking on the role in August last year I am pleased with the current operations and successful outcomes of a number of projects that we've undertaken. My focus for the first few months was to ensure that we had the right process, procedures and policies in place and to work our way through the Covid 19 restrictions. Dealing with the constant change has been challenging, although this has ensured that we remain agile and ready to deal with new challenges and regulations as they are introduced.

Pleasingly we have ticked quite a few boxes from a strategic and governance perspective including:

- Revision and implementation of the new Surf Life Saving Club Constitution and By-Laws
- Development of our Strategic Plan 20/23 which provides clear direction on where we're headed
- IT upgrade to ensure that our data and communications are protected and stored in a safe environment.
- Development of a new sponsorship package

A major focus has been on the commencement of the Building Upgrade Project. A significant piece of work was undertaken to develop an application for a grant through the Federal Governments Building Better Regions Fund. All criteria was addressed with a comprehensive package being delivered. The 4 main areas of assessment include:

- Economic Benefits of the project for the region
- Social Benefits of the project for the region
- Capacity, capability and resources to deliver the project
- Impact of funding on region

Within these criteria a wide range of information and data has been provided to ensure that we can continue to provide life saving services for the next 20 to 30 years from a modern and fit for purpose facility. Acknowledgement to the Steering Committee and especially to Debby Mulheran for delivering such a comprehensive submission. Work now continues on the planning elements including environmental, parking and engineering assessments required to lodge our Development Application with Sunshine Coast Council. With this in mind, our goal is to now balance the building and maintenance aspects of the premises until we have an outcome and clear direction on the upgrade project.

A number of smaller projects have been delivered to ensure club facilities are enhanced and maintained including:

- New reception desk and sign in system to welcome members and guests,
- Upgraded female toilets in the Supporters Club,
- Stabilisation of the deck above the board storage area to ensure safety,
- Privacy walls fitted to gaming room entrances, and
- Introduction of Surf Cameras on the Tower.

Our support for community-based programs continues to assist the club and member activities delivering on our mission of being the peak body leading the way in life saving service provision, education, sport, beach and water safety advocacy and community leadership. The growth experienced across all areas of the Surf Club has also ensured we were able to support the following programs:

- A very successful Surf Education program for local schools and child care centres,
- Support and provision of services for QUESST (Queensland Emergency Services Surf Team) who now call us their Sunshine Coast home,
- Marcus Mission – Men's support group providing vital mental health services, and
- A meeting place for local community groups, footy teams, fishing groups and more.

My focus is now ensuring that the next twelve months continues to deliver on the club's growth and ongoing development. Thanks to the entire team for your efforts and support to deliver the fantastic results we've achieved through 20/21.

From the Secretary – Lyn Mathison

The 2020-21 season was certainly challenging with Covid rules and regulations changing on a regular basis but we still managed to get through all of our commitments even if on a scaled down basis.

I would like to extend a special thank you to all our volunteers whether you are a patrolling member, award member, committee member, coach, trainer, official, water safety or associate member your efforts and continued support are greatly appreciated because in our time poor society we are thankful that we have such a dedicated group of members who continue to serve the club and enable us to continue our volunteer commitment. I hope all of you know your value to the club and I trust that you will continue to be a proud member of the Marcoola SLSC.

Special mention also to those members who have gained recognition awards and those who have fulfilled positions at Branch, State & National level over and above their commitment to Marcoola SLSC.

Funding grants for club projects, gear and equipment are prepared and lodged on a regular basis and although we are not always successful, we will continue to apply for grants as they are announced. Thanks to Amanda and her efforts in researching and preparing funding applications, we were successful in obtaining funding in excess of \$80k as below;

Funding Scheme	Item requested	Funding Amount
Gambling Benefit Fund	Tractor	\$26,500
Qld Dept. Sport & Rec. Active Restart Recovery Fund	Members area re-paint	\$9,800
Sunshine Coast Regional Council Minor Grants - Events	Marcoola Rocks on Australia Day	\$2,000
SLSQ QFES – Sustainability	Patrol Items including patrol uniforms, radios, lifesaving PPE	\$6,737
SLSA BSEF	IRB Motor	\$5,000
Sunshine Coast Regional Council Major Grants	Training Equipment – to assist with operations post Covid.	\$5,000
Sunshine Coast Regional Council Jason O'Pray Discretionary Fund	Youth Paddleboards	\$4,000
National Australia Day Council	Australia Day – COVID Safe Marcoola Rocks	\$10,886
Fiona Simpson, MP	3 x 3m Marquee	Supplied
Australian Volunteer Grant	Members Area Furniture Update	\$4,800
Australian Government Volunteer Grant	Member Area Whitegoods	\$3,636
Qld Dept Sport & Rec	Lifesaving Ops post Covid	\$2,000

Our Management Committees (Surf & Supporters) are also to be thanked for the success we have enjoyed throughout the season. This success does not come without a lot of hard work from these dedicated members, and it takes up a huge amount of personal time so I would also like to thank the families of our members for their support.

This season Drew Palmer commenced as General Manager for both Surf & Supporters clubs and has had to hit the ground running. Welcome aboard Drew.

There are many who go “above & beyond” working quietly in the background, you know who you are, thank you.

A special mention to Warren Chambers who retired this year. Warren has been volunteering around the clubhouse for the past 15 years. Our thanks to you Warren on your dedicated service.

What can I say about the “pocket rocket” Amanda, she’s the go to girl if you want something done, thank you “Moo” for your friendship & support during the past season.

My apologies in advance for any unintentional oversights. Important information and statistics are recorded separately throughout the report.

From the Treasurer – Craig Hunter-Smith

Our financial year from May 2020 to April 2021 delivered some stressful periods as well as some truly inspirational times as we negotiated our way through the challenges and restrictions of COVID-19. Pleasingly, the club fared well through this period by managing costs and maximising opportunities where possible.

With all things considered we have had a remarkable year with the Supporters Club transferring a total of \$450,000 in cash transfers during the year to enable the Surf Club to continue their operations on the beach. With our operations closed in May and June and limited in July and August this result is very impressive. Thanks to the management and staff who contributed to this success.

Overall income was up from the previous year by \$300,000. The major contribution was an additional \$165,000 from the Supporters Club, \$55,000 in various grants and \$35,000 in JobKeeper assistance from the government. All these areas, combined with control on expenses delivered an operating surplus of \$269,000, which was a tremendous result based on the trading conditions.

We would also like to acknowledge the vital contribution made by our key sponsors including Yaroomba Beach, Austraffic and North Shore Realty plus the many other partners who provide valuable income to support the crucial services provided by the club.

I would also like to take this opportunity to thank the Administration team of Lyn and Amanda for their dedication and professionalism within their roles overseeing the day-to-day operations. I would also like to thank the Management Committee and officers, who under the leadership of Peter Hourn, provide countless hours of work for the club. Thanks also to the management and staff of the Supporters Club who have continued to deliver fantastic results.

We are heading into some very exciting times over the coming years with the proposed upgrade of the club. Financially we’re in a strong position and I look forward to progressing our plans based on the outcome of our Building Better Regions Fund grant application which we anticipate will provide 50% of the funding required to complete these works. Stay tuned for regular updates in this space.

Finally, thanks to all our members for their continued commitment to the club this year. We perform a vital service for the local community and everyone’s contributions are important in helping us to achieve our goals.

We look forward to seeing you all back next season.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2021

Note 1 Summary of Significant Accounting Policies
Financial Reporting Framework

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the *Associations Incorporation Act 1981* (Queensland). The committee has determined that the association is not a reporting entity.

Statement of Compliance

The financial report has been prepared in accordance with the *Associations Incorporation Act 1981* (Queensland), the basis of accounting specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of Accounting Standards AASB 101: *Presentation of Financial Statements*, AASB 108: *Accounting Policies*, *Changes in Accounting Estimates* and *Errors* and AASB 1054: *Australian Additional Disclosures*.

Basis of Preparation

The financial statements have been prepared on an accrual basis and are based on historical costs. They do not take into account changing money values or, except where stated specifically, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

(a) Income Tax

The Club has received an exemption from income tax from the Australian Taxation Office under Section 50-40 of the Income Tax Assessment Act 1997.

(b) Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all PPE is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Building	2.5%
Plant and equipment	20%
Motor vehicles	15%

(c) Impairment of Assets

At the end of each reporting period, the committee reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in the income and expenditure statement.

(d) Employee Provisions

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

(e) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

(g) Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2021

(h) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

(i) Revenue

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Operating grants and donations

When the association receives operating grant revenue or donations, it assesses whether the contract is enforceable and has sufficiently specific performance obligations in accordance with AASB 15.

When both these conditions are satisfied, the Association:

- identifies each performance obligation relating to the grant;
- recognises a contract liability for its obligations under the agreement; and
- recognises revenue as it satisfies its performance obligations.

Where the contract is not enforceable or does not have sufficiently specific performance obligations, the Association:

- recognises the asset received in accordance with the recognition requirements of other applicable Accounting Standards (for example, AASB 9, AASB 16, AASB 116 and AASB 138);
- recognises related amounts (being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer); and
- recognises income immediately in profit or loss as the difference between the initial carrying amount of the asset and the related amount.

If a contract liability is recognised as a related amount above, the association recognises income in profit or loss when or as it satisfies its obligations under the contract.

Capital grants

When the association receives a capital grant, it recognises a liability for the excess of the initial carrying amount of the financial asset received over any related amounts (being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer) recognised under other Australian Accounting Standards.

The association recognises income in profit or loss when or as the association satisfies its obligations under the terms of the grant.

Interest income

Interest income is recognised using the effective interest method.

Income from sale of goods

Revenue is recognised when control of the products has transferred to the customer. For such transactions, this is when the products are delivered to the customers. Revenue from these sales is based on the price stipulated in the contract, net of the estimated volume discounts.

Where there are expected volume discounts payable to the customers for sales made until the end of the reporting period, a contract liability is recognised.

A receivable will be recognised when the goods are delivered. The Association's right to consideration is deemed unconditional at this time as only the passage of time is required before payment of that consideration is due.

All revenue is stated net of the amount of goods and services tax.

ANNUAL STATEMENTS GIVE TRUE AND FAIR VIEW OF FINANCIAL POSITION AND PERFORMANCE OF INCORPORATED ASSOCIATION

We, being members of the committee of Marcoola Surf Life Saving Club, certify that:-

The statements attached to this certificate give a true and fair view of the financial position and performance of Marcoola Surf Life Saving Club during and at the end of the financial year of the association ending on 30 April 2021.

Signed:  _____
Dated: 28-May-21
Signed:  _____
Dated: 28-May-21

Opinion

We have audited the financial report of Maroolia Surf Life Saving Club (the association), which comprises the assets and liabilities statement as at 30 April 2021, the income and expenditure statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the certification by members of the committee.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of the association as at 30 April 2021 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements and the requirements of the Associations Incorporation Act 1981 (Queensland).

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the association to meet the requirements of the *Associations Incorporation Act 1981 (Queensland)*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the Committee for the Financial Report

The committee is responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the *Associations Incorporation Act 1981 (Queensland)* and for such internal control as the committee determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee is responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the committee either intends to liquidate the association or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

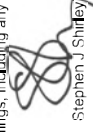

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee.

- Conclude on the appropriateness of the committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the association to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Dated this 28th day of May 2021

From the Captain – Rob 'Jenko' Jenkins

As the 2021 season ends so does my two-season stint as Marcoola's Club Captain. As many may be aware our club has developed a new constitution and as such the current role of Club Captain encompasses a position on the board as the Director of Lifesaving. Larger Clubs have been using this structure successfully for a few years so it's time for Marcoola to follow suit.

Put simply, Marcoola is morphing toward being a medium sized surf club. Our Nipper numbers have been steadily increasing and are at record numbers. For the first time in our club's recent history, we managed to field an 11th patrol team. I am also pleased to announce that it is our intention to field a 12th team, which will cut down the time active members spend on the beach even more!

We have been able to achieve this growth in part due to the amazing number of Bronze and SRC recruits we have accredited over the past two years. CTO, Riley Palmer and trainer, Geoff Jeffcoat along with all who assisted with water safety during the courses have all done a fantastic job, thank you very much one and all!

Our JAC team has been continually active in both recruitment and retention so an incredibly special thanks to Amanda Janssen and an amazing "JAC Engine Room" spearheaded by Andrew Cullity for keeping the flame burning by bringing us new blood. Our Youth have been very well looked after this year and it certainly is evident when I look back at the number of SRCs doing multiple patrols each weekend, keep up the great work encouraging our future "Bronzies" next season Alaina.

To Steve De Laurence and his/our "Boaties", it's been great to see you having a few successes in comps this year, I am certain your time will come to excel very soon but just as importantly I'm grateful that you also remember you are part of our team and that you have completed your patrols as best you can.

Please forgive the repetition but there are still a few more heartfelt thanks to be extended! All clubs rely on the generosity of volunteers spending time to make certain everything is as it should be. There is heap of work that goes on continually at the club, even in the off season, so gratitude needs to go to all my right-hand helpers! Simon Drehlich, Justin Pettett, Marty Frost, Noel Messer, Brian Long and of course Richard Phillips who just does anything asked of him. Without your assistance, the wheels would fall off. No, they would just be very rusty! Literally!

To all our Patrol Captain's - I have really enjoyed working with and alongside you over the past two years. We have maintained an extremely high standard with no major incidents between the flags nor major injuries which we should all collectively be immensely proud of.

During my stint we were unfortunately tasked to three tragic events and we as a team responded brilliantly – I'll quote a recent note sent to me from the Coolum Club Captain extending his gratitude for our club's assistance in a recent search, however I feel it also sums up our standing within the SLSC community - *"Your guys are awesome!"*

I also have personal thanks to convey to all our active members and to all that have extended a helping hand to me over the past two seasons.

Finally, I would like to sign off with my personal gratitude to our club committee for extending me the invitation to take on the captaincy in the first place. I can honestly say I've enjoyed the role thoroughly and trust I'm parting service having upheld the trust and belief expected of me in the first instance.

Someone once said there is no *"I in team"* that is how I would like my time as Captain to be remembered.

See you all on the beach soon!

Buhk Wilkes Memorial Trophy

Both Bill Buhk and Fred Wilkes, in whose name the Trophy is dedicated, placed great emphasis on the standard of our grass roots responsibility in all aspects of surf lifesaving, not just for a few months of the season, but for the entire patrolling period. The Trophy is presented annually to the Sunshine Coast Club that meets the criteria and highest standard of proficiency both in the Club house and on the beach that these men greatly respected and firmly upheld during their time of service.

From the Chief Training Officer – Riley Palmer

As I write this report on concluding the season, I am also replying to emails about upcoming courses. Let's be real, there is no off season! What a training season we have had. I am always amazed at our little club and its emphasis on lifesaving prowess. Contrary to many other clubs on the coast, it is great to see the majority of our members value upskilling and honing their skills to ensure our fantastic beach is kept safe for the community.

Our TAF team met early in the season to learn the new resources for the 2020/21 season. It was very exciting to see that lifesaving is finally moving into the modern era. Bronze Medallion and SRC learning were added to an online platform which allowed our participants to study while they were home and gave more time for the trainers to focus on practical aspects of the training. This was timely as we were still battling the restrictions of COVID-19 at the time.

Once again, the September School Holiday course was a hit. I had the privilege of assessing this team and I was super impressed with the quality. Credit goes to Geoff, Jill, Alaina and Dave for putting together such an amazing week for the kids and really making sure that Marcoola's high lifesaving ability is maintained. I would also like to thank the Water Safety and other helpers for giving up your school holidays to make sure that our participants had the greatest possible opportunity to succeed.

This season, I also implemented a Trainers and Patrol Captains Skills Maintenance and Life Saving workshop to kick off the season. It was pivotal in ensuring that we were all on the same page leading into the season. I can see this being a natural part of the way we roll out Skills Maintenance and new season updates in the future. A big thanks to Geoff and Jenko for helping me with this project.

It is easy to say that there is an exciting energy and atmosphere around the club at the moment. All our new members from recent training squads are keen as mustard which is great to see. They have helped with water safety, training and patrolled with their teams. Some are even looking at committee positions in the near future. From the youth to our older members, it is great to see some life around the club again.

Looking forward to next season, the healthcare training package has changed which will possibly mean upgrades and updates for ART and First Aid. The new First Aid is now a pre-requisite for the new ART which will be interesting to see how this is tackled. As always, we endeavour to make this a smooth transition.

Training and assessing is a brilliant pathway in lifesaving if you wish to pursue it. I have been blessed with many opportunities that I usually wouldn't have had access to in another profession. These qualifications are also nationally recognised, which makes you very employable. I would ask you to highly consider following this pathway, the club will support you all the way.

Writing this report, it feels very bittersweet. Education at Marcoola has been my life for the last 4 years. While I am parting with the CTO role, I will still be training and assessing as much as possible to make sure that Marcoola meets its goals and aspirations for the exciting times ahead. I would like to extend many thanks to those who have helped me the past few years, you know who you are. It has been a wild ride and I have loved every minute of it. Marcoola will always be my second home and second family.

I look forward to seeing you all on the beach or in the training room next season!

From the Youth Development Officer – Alaina Schmidt

What a bumper season 20/21 has been for our Youth. I was fortunate enough to be handed the Youth Development baton this season by 3 Marcoola SLSC lifesaving legends in Grace Ramsey, Brook Hagan and their right-hand man Riley Palmer, who spent the previous 3 seasons boosting our Youth program with fun activities, camps and events. Our Youth, who are the future leaders of our club, have spent the season bonding, team building, promoting positive member morale, all whilst providing a safe, fun and encouraging environment to develop their lifesaving skills and help our community by keeping Marcoola beach safe.

We have increased our Youth participation throughout this season thanks to our beloved, JAC Amanda Janssen and her super Nipper support team. We have had a lot of our Nippers graduate and continue their lifesaving journey gaining their Surf Rescue Certificate, whilst our current SRC's extended on their skills, becoming Bronze Medallion holders providing Vigilance and Service on Marcoola Beach. A big shout out to Lily Rice and Amelia Thatcher who were this season's Nipper Captains. We have also welcomed many new SRCs and Bronzies into the youth arena. A huge "Team Marcoola" welcome to them also. During the season, the Youth also completed further courses including Advanced Resuscitation Techniques; IRB Crew and First Aid. It has been very exciting watching our Youth upskilling and gaining more awards and continuing to be big assets, utilising these awards on patrol. A massive thank you to our Chief Training Officer, Riley Palmer; Lead Trainer, Geoff Jeffcoat; Assessor Jill Hamilton; the ever-reliable paperwork administrator, Amanda Janssen and the rest of our training team for the big numbers of new members and large training calendar this season.

The season began with Youth Skills Maintenance on 12 September 2020 – A huge thanks to Geoff Jeffcoat and Riley Palmer for providing this Skills Maintenance for us. It was dry assessment only, the water components cancelled due to unsafe conditions. We had 12 Youth attend, with a lunch in the Supporter's Club and some extra training activities and get together afterwards. We had several monthly Friday night hangouts at the club with board training water safety, followed by Market Food at the park, a walk down to the beach and ping pong/games.

Anzac Day Paddle was held again this year with Team Marcoola heading out to explore Old Woman Island from Mudjimba Beach. The Youth provided water safety for our Nippers, and it was a beautiful morning out on the water.

The 2 May 2021 saw our largest Youth group of 14, attending the Sunshine Coast Branch Lifesaving Youth Ball at Maroochydore SLSC. What a fantastic way for our legendary Youth to finish off the season. We arrived in style in a luxurious black stretch Hummer, thanks to our Sponsor LPE. To top off the night, Marcoola SLSC won the Club Spirit video award which gave us \$300 to put towards our Youth program. A special thank you to all who were involved in putting this event together.

To celebrate the season, we held a Youth party at Maroochy Golf Club, playing Putt Putt and having pizza to thank all the Youth for their efforts and commitment to Marcoola SLSC and Surf Life Saving.

Another one of the Youth's much-loved activities, Oz Tag continued this season at Maroochydore Rugby League Club and the team are enjoying getting together for some exercise and fun. The winter season is about to commence through the "Off Season". The new youth are settling in well, with an expansion to 2 Teams. The Youth have showed enthusiasm and bonding in a fun environment – I believe this is a great activity for our Youth, getting everyone together once a week. "Marcoola Than You" team are playing hard and coming together as a tight knit team. Looking forward to seeing the new team join them on the field.

This season we held two Youth Surf Comps, one our Annual Australia Day Comp and the Grand Final to finish off the Season on the 16 May 2021. It was so great to see so many of our Youth in amongst it, having fun with their mates and carving it up youth surf comp style. Congratulations to our 2021 Youth Surf Comp grand final winners Oceah Wulf and Will Piva, each taking home a brand new fibreglass board. To the rest of the Youth who had a blast carving it up in the sun, well done to you all. It was a very close competition. A huge thank you to Geoffrey Jeffcoat for being the super surf comp coordinator and organiser, to our amazing judges, Jay Pashley, Justin Pettett and Rob McGregor and our awesome support crew, Amanda Janssen, Dave McLean, Debby Mulheran, Tayla Baillie, Jim Mulheran, James Crowley, and Matt McGregor who make this all possible for our Youth, we greatly appreciate all that you do. A big shout out to all the parents who brought their Youth along to be a part of these events. To our epic sponsors North Shore Realty, Wave Rats, McGregor Wealth Management, Jeffcoat Electrical Services,

Sideways Surf Kawana and LPE thank you for being a part of this awesome program for our Youth. This event couldn't continue to happen if it wasn't for your valued support. Thanks to everyone for supporting our Youth.

The Youth volunteered at fundraising events throughout the season, which included a bright and early 4:15am start at the Ironman 70.3 at Mooloolaba. SOS Week went a little differently this year with online fundraising. Em-Jay Jeffcoat was our club ambassador for Hot 91's Clubbies Calendar. We had a super fundraising opportunity from the Sofitel Noosa Resort during the summer school holidays. Thank you to Richard Phillips for providing this and Lyn Mathison who was on the paperwork duties to make this happen. We did a number of board raffles at the club thanks to Wave Rats softboards and Yalumba Wines who donated an inflatable SUP helping the Youth to raise funds required to boost their program, activities and allow them to attend lifesaving camps during the season. Thank you to all the Youth who volunteered their time.

Youth Fundraisers this season:

Em-Jay Jeffcoat, Jacob Brennan, Imogen O'Donnell, Riley Palmer, Lilly Herron, Natasha McCann, Lily Rice, Tayla Baillie, Mischa Battisson, Abbie Gardiner, Jazzy Rice, Charlie Nannes, Teagan Jeffcoat, Isaac Waddell, Maya Uylangco, Keira Parr, Jackson Herron, Elliott Chapman, Darci Crittendell

Development camp opportunities this season began with Camp Commando Youth Development Camp being held 18th-20th January 2021 at Sunshine Coast Recreation Centre, Currimundi. Our attendees were Amelia Thatcher; Lily Rice; Darci Crittendell; Maya Uylangco; Luka Pemberton and Ryder Crawford. The participants learned team building skills, the importance of communication and made new friends from other clubs. This year Em-Jay Jeffcoat was selected as 1 out of 2 participants to attend and represent Surf Lifesaving at the week-long Escape Week program along with other Queensland emergency services. Well done Em-Jay. This year we also have 2 fabulous Marcoola SLSC representatives attending the Youth Excellence Program in July. This camp is designed to provide our Youth with surf lifesaving knowledge, experience and allows them to further develop their skills. Congratulations Em-Jay Jeffcoat and Natasha McCann for being accepted into the YEP camp.

Our Youth Surf Sports competitors participated in numerous lifesaving carnivals. For the second year we had a team compete in the Surf Rescue Competition. Congratulations to our U15s Patrol Competition team Em-Jay Jeffcoat, Lily Rice, Maya Uylangco, Darci Crittendell, who came third. Well done team. Em-Jay Jeffcoat and Lily Rice, who came 3rd competing in Champion Life Saver which is an individual competition. Congratulations on your super efforts in representing Marcoola SLSC. A huge thank you also goes to their coach Joey Goulding for all his time and effort in training the team. A special mention and thank you to the Team Manager, Cathy Brierley who is always in attendance at these carnivals to support our competitors. Lily Rice had another big season of competition and also attended Aussies this year representing Marcoola and is the 6th fastest under 14s Aussie female flagger. Well done to all our Youth competitors on all your competitive achievements this season.

I would like to take this opportunity to express my gratitude and give a massive thank you to Geoff and Em-Jay Jeffcoat who have been my super sidekicks supporting me on every event and stage of this season's activities. Your help is invaluable, and I appreciate you more than you know. A huge thank you also goes to Amanda Janssen and Lyn Mathison, the legendary administrators, poster makers, paperwork gurus and behind the scenes organisers for all your help in making those aspects of my job easy for me.

Last, but not least, on behalf of the Marcoola Youth Development Team, I would like to thank our Youth for their contribution to our surf club and community this season, helping to provide information, education and keeping our beach safe. Our Youth contributed by assisting in multiple rescues this season. To all their parents, thank you for bringing your Youth members along to patrols and all our events this season.

See you on the Beach for the 21/22 Season. Go Team Marcoola!

Awards of Excellence – 2020/21

Lifesaving Awards:

Cadet Lifesaver of the Year (U15) - Lily Rice
Junior Lifesaver of the Year (U18) - Natasha McCann
Lifesaver of the Year (18+) - Simon Drehlich
Radio Operators Award - Graham & Rhonda Wheeler

Club Excellence Awards:

Volunteer of the Year - Geoff Jeffcoat
Karyn Buckley "Vigilance & Service" - Alaina Schmidt
Meritorious Award for Club Service - Debby Mulheran
Cathy White "Most Popular" - Richard Phillips
Stirrers Award - Aaron Di Ianni

Club Champions:

Master Male Champion - Rob McGregor
Open Male Champion - Matt McGregor

From the Surf Boat Captain – Steve de Laurence

Dear Club Mates,

It is with great pleasure that I submit the 2020-2021 annual report for the boat section.

Wow, what a season, if three short years ago you were to say that Marcoola would have three competitive crews representing the club, I would have thought you were crazy. However, that was exactly what occurred culminating in all three crews representing the club at the Australian Titles. I have been incredibly proud of all our young people who rowed for the club with pride, commitment, and courage. Their commitment has been exceptional as they balanced work, school, training, carnivals, and patrols to achieve their goals.

This season saw some outstanding results, with many highlights. **The Matatas** (Reserve Grade men) have long been the cornerstone of our section these young men performed well above the weight against many other fancied crews. The crew of Travis Perugini, David Grant, Harry Budd, Ryan Murray worked very hard being our senior crew in the Club. These men are not only good rowers, but they are also good blokes and epitomise what our sport is about. The boys recorded results at the following carnivals:

- Mermaid Carnival - 3rd
- Maroochydore carnival - 2nd
- Mooloolaba Carnival - 4th
- QLD Cup - 2nd

The fellas are characters and are committed to the club. We look forward to them continuing to improve.

The **Marcoola Muddies** are a fledgling Under 23 Women's crew that shows enormous promise. The girls plus Shayne Lee (dare I say the first women's crew in our club history) started at three carnivals this year – including the Australian Titles. The crew of Savanah Davis, Chelsea Croft, Dempsey Zanetti, Jordan Sykes and swept by Shayne Lee had to beat many challenges (including Dempsey breaking her collar bone a week before the State titles) to achieve this. I am sure they will be a force to reckoned with next season.

The **Marcoola Mochas** are to be congratulated on their outstanding season the crew of Jake Edgar, Matt McGill, Alex Murray, Rene Strijdom placed in most carnivals during the year and were the youngest crew rowing the heaviest boat in Australia to be placed with the top 12 crews in the nation. How good is that? Apart from achieving great results it has raised the profile of the Marcoola name enormously, Marcoola has well and truly arrived! These young men did their club, families, and themselves proud. We hope to continue to see great things from this crew.

- Mermaid Carnival - 2nd
- Maroochydore Carnival - 2nd
- Noosa Skins - 2nd
- Mooloolaba Carnival - 1st
- QLD Cup - tied 1st

It has been challenging to get the surfboat section off the ground and it could not be done without the help of many people firstly to Peter and Lyn Hourn, thank you, Peter and Lyn are amazing people and supporters of all things Marcoola. Rob Jenkins, Brian Long, Drew Palmer and the rest of the leadership team many thanks. To our incredibly patient Patrol Captain's looking after the boaties Peter Allen and Brian Long we cannot thank you enough for your support and understanding. Amanda Janssen and Lyn Mathison, you ladies are amazing! The club is indeed fortunate to have you both. To our new power couple of Leanne and Shayne Lee who have recently joined us from Jan Juc thank you for the huge contribution that has been given in such a short space of time. We look forward to many years of participation and partnership moving forward. Thank you to Jill Hamilton and Riley Palmer for your ongoing help and support in getting our rowers qualified.

Finally, my personal thanks to the club in general for the support that has been given to me. Marcoola is a great club. Bring on next season.

From the Communications Officer – Noel Messer

It is impossible to talk about the 2020/2021 season without resorting to words like “unprecedented, uncertain or difficult”. There is no doubt that this year will go down in history. We’ve seen our club in lockdown, events cancelled, society in turmoil and rules continually changing, but above all these uncertainties the spirit, ingenuity, humour, endurance and motivation of our lifesavers has been more important than any other season.

Firstly, I would like to congratulate all our new Radio Operators, who joined us at the beginning of the season. They are Lawrence Chadwick, Ben Wiese, Tony Wickham, Phil and Angus Hall. All have settled into their new positions, and some have already started looking for other roles to perform.

SLSQ decided at the beginning of the season to change the type of handsets currently being used on the Digital Network to Kenwood NX-3300 handsets as well as mobile NX-3820. These Kenwood Radios are to replace the ICOM's by the end of 2021/2022 season. Already we have 9 Kenwood handhelds and 3 Kenwood mobiles with GPS for the two 4wd vehicles and for the new SSV. The remaining two Kenwood mobiles will be installed in the radio tower during the 2021/22 season. Overall, we are very well situated with radios coming into the next season.

Radio Operator of the 2020/21 season was awarded to Graham Wheeler and Rhonda Wheeler. Congratulations Graham and Rhonda for your efforts during this unprecedented season.

Most of us like to have a break at Christmas to gather and celebrate with friends and family. There are always those who will stand up and fill the vacancies. This year the Christmas Day radio volunteers were Frankie Macskimin and Jim Goldston. Thank you to both from all the Radio Operators and Lifesavers.

Again, I would like to thank all our 16 Radio Operators for looking after our 10 patrols, ensuring all patrols were covered and making substitutes where required. We are in very good stead coming into the next season, if our number of patrols were to increase.

In closing I would like to thank the Committee for a job well done during these challenging times, with special thanks to Amanda, Lyn, Rob and Brian for their assistance and advice to myself and Radio Operators. See you all back on the beach for the 2021/2022 season.

Bring it on!

SLSA – 40 Years Officiating Service – Denis Mathison

Christmas Day Patrols

The club would like to extend its sincere appreciation to the following members for volunteering for patrol duties on Christmas Day:

Geoff Jeffcoat	Richard Phillips
Peter Dale	Marty Frost
Em-Jay Jeffcoat	Maddie Short
Luka Pemberton	Karen Phillips
Frankie Macskimin	Ben Allsopp
Saxon Jeffcoat	Jim Goldston
Alaina Schmidt	Natasha McCann
	Cleveland Maltman

Officials and Coaches

Our sincere thanks are extended to our dedicated team of accredited coaches and officials for volunteering their time to train our members and officiate at many surf sports carnivals on offer to our members:

Steve deLaurence	Surf Sports Development Coach
Cheryl Rice	Surf Sports Technical Official
Garry Scotney	Surf Sports Senior Official
Denis Mathison	Surf Sports Senior Official

Vale

Our deepest respect is extended to all club members who have suffered bereavements in their families during the year, some we knew about, some we did not. Please accept our deepest feelings of respect and sympathy on your loss.

From the Junior Activities Chair – Amanda Janssen

Wow! Wow! Wow! What an incredible season 2020/21 was for our Nippers, with so many unbelievable highlights to recount. The goal of our Junior Activities program remains quite simple:

"To deliver a quality lifesaving program for all members with a focus on surf awareness, surf safety & improved surf skills with an emphasis on FUN."

Despite the challenges that Covid presented in relation to program delivery, I think it is safe to say we not only achieved our goal we absolutely "annihilated it"!

In penning this report, I do hope that I am able to portray my sincere appreciation to all contributors, celebrate our incredible Nippers & do justice to the enormous successes we have experienced this season. So here goes...

Our Seasons Highlights:

- A record breaking 214 Nippers enrolled, resulting in a 16% increase in participation numbers, making that a 73% increase in the past four seasons. It was the first season in Marcoola SLSC history that we had to cap our program numbers; we even had a substantial wait list of potential nippers busting to get in!
- Increased focus on teaching Surf Education, resulting in better educated and informed Nippers equipped to respond to situations.
- An impressive 74% of Surf Rescue Certificate and Bronze Medallions (new Surf Lifesavers) trained this season had a direct link to our Nipper Program, meaning they were either Nippers progressing through the ranks, or parents answering my pleas for assistance. Many of these incredible individuals have joined our patrol teams and assisted in not only keeping our Nippers safe on Sunday's but also the Marcoola bathing public. An incredible result!
- Acquisition of dedicated funding through sponsorship allowing us to purchase much needed new equipment to meet the demand of our program.
- Increased opportunities for training & skill development through the employment of a Swim Coach and Surf Rescue Coach.
- Increased leadership opportunities for our under-fourteens through the continuation of Nipper Leadership Program & integration into the Youth Program.
- Introduction of a Recycling Fundraising Program, meaning we are not only doing our bit for the environment but also raising funds for new gear & equipment.
- Instilled a strong sense of community and "place of belonging" for many of our Nippers and their Families.

The Sunday 'Engine Room':

With the increase in participation numbers, it now takes around 50 volunteers to make our Sunday Nipper Program happen, week in week out – it really is a massive feat! I am so thankful for each & every one of these volunteers that work tirelessly to deliver such a quality surf education program to our Marcoola Nippers. I'm so grateful that you all continue to say 'yes' and sincerely appreciate everyone's commitment & dedication. The Covid regulations we were faced with this season presented some extra challenges, particularly in regard to gear and equipment set up and pack down – those 'fields of play' almost got the better of us. Our 2.5-hour program took almost 6 hours to facilitate each week! Special mention and sincere thanks to the "Quarter to Six Club" in Andy Cullity, James Rice and the Giles Family for being there incredibly early each week to make it all happen! Thank you to each & every parent that arrived early and/or stayed back late to assist with gear and equipment, it really was a huge team effort!

To our wonderful Age Managers, thank you for embracing your role with such positivity & assisting with instilling a love for the beach & surf lifesaving in our Nippers. Your coordination, dedication, patience & enthusiasm is very much appreciated.

Thank you to our awesome, committed coaches: Swim Coaches: Lee Summers & Owen Small, Board Coaches: Simon Drehlich & Rob Jenkins, (Retiring) Surfboard Riding Coach: Tim Jones, Sprint Coach: Fatima Giles & Surf Education Officer: Dave McLean, ESM & Geoff Jeffcoat who were both happy to impart their incredible lifesaving knowledge to our Nippers on a regular basis. Special mention must go to Jazmin-Lea Rice & Em-jay Jeffcoat who identified a gap in the program & both stepped in to take charge of the flag coaching, pretty incredible at such a young age!

To our incredible “Angels in Orange”, the Water Safety Officers, heartfelt thank you! Without this crew of amazing volunteers, we would not be able to get every one of our nippers in the water each week, I’m incredibly proud of the fact that we **never** have our Nipper’s sitting under a tent because we cannot safely accommodate them in the water. To the nipper parents: Susie Piva, Nat Jones, Nick Bessel-Browne, Annie Chamberlin, Monique Gardiner, David Parr, Dan Quilty, Troy Savege, Megs Slater, Hana Cooke, Keith Fullerton and Alana Wulf who completed their Bronze Medallion or Surf Rescue Certificate and joined the water safety team, I sincerely thank you. By completing the training & your willingness to assist meant we were able to cater for the increase in membership again this season. When taking over the position of Junior Activities Chair back in 2018, a “Water Safety Roster” was something I dreamed of, often joked about but not something I ever thought was possible, however given the incredible take up I do think in time, we will get there. Appreciation is also extended to our hard-working team of Trainers & Assessors for getting these guys through their training.

While I am incredibly thankful to all those that pulled on the orange vest this season. I would like to acknowledge those Water Safety Officers that have contributed over 25 hours to the program:

Trevor Allsopp	Elliott Chapman
Luka Pemberton	Sammy Bruton
Chris Giles	Mischa Battisson
Steph Thatcher	Natasha McCann
Scott Hamilton	Abbie Gardiner
Scott Rainbow	Justin Pettett
Em-jay Jeffcoat	Lilly Herron
Craig Lander	Monique Gardiner
Ryder Crawford	Alaina Schmidt
Ben Marsden	Jaz Rice

I do want to single out three amazing contributors to our program. None of these men have children in our program, however, have happily contributed countless hours this season & have been an incredible support! Firstly, to my right-hand man, the very committed & loyal Andy Cullity, your contribution, backing & enthusiasm for our program never ceases to amaze me. I do not think I can ever express how entirely grateful I am for all that you do for our Nippers! Next to the dependable & very devoted Trev Allsopp, who has pretty much attended every Friday afternoon board training session & Sunday morning Nipper session. Trev, I’ve said it once & I’ll say it again – you’re a legend and loved by all! And lastly to our ever reliable & passionate Club Captain, Chief Water Safety Officer & Board Coach Rob ‘Jenko’ Jenkins, whose contribution to improving water confidence & surf skills is to be commended. I know each of you gents get such a kick out of seeing our nippers skills improve, please know that your contribution is genuinely appreciated.

Next, to our amazing super-mum & BBQ Coordinator, Anita Short, who may possibly have one of the most tedious roles on the team with the endless purchasing, preparing, cooking, serving & clean up each week. Please know that your efforts in ensuring we are all well feed each week is very much welcomed. It is pleasing to report that the fundraising efforts from the BBQ sales has also been record breaking this season, with profits made used to purchase new equipment for our expanding program. A big thank you to all those parents that have helped with BBQ duties this season – our rostering system certainly made things easier. Special mention & thank you goes to Lisa Kingsbury & Andy Gardiner who were always there to assist with cooking & service duties.

I must also extend a big thank you to Em O’Loan our Clothing Coordinator, with the assistance of Kath McGuigan for her commitment in ensuring our nippers were kitted out in fresh uniforms. Heartfelt thanks to our brilliant Club Photographer, Jack Curtis for capturing the magic of Nipper Sunday’s so

fabulously. And not to forget all-round Nipper legend's James & Cheryl Rice for their ongoing commitment and support in so many different areas.

Thank you to new Nipper Dad, Adam Rydwanski for all his efforts in implementing the Can and Bottle Recycling Program. Again, money raised from this will assist us with the operating costs of the Nipper Program.

Nipper Captains:

What incredible humans you two are! Congratulations to the following Nippers on their appointment.

Captains: Lily Rice & Amelia Thatcher

Thank you for the leadership & support you have provided throughout the season. Your efforts with training, water safety & mentoring our future lifesavers is very much appreciated. Our youngest lifesavers adore you all! I look forward to continuing work closely with you both next season to continue to improve our program.

I would also like to acknowledge the incredible contribution of our Youth Development Officer, Alaina Schmidt. Your efforts in welcoming, encouraging & guiding our Under 14's into the 'senior' Club has been incredible. You have certainly provided our youth members with some memorable moments this season! I would also like to extend a huge thankyou to each & every youth member that happily pulled on the orange water safety vest, our Nipper's idolise you. I love witnessing the connection you have with our little ones; you are all such positive role models!

Training & Surf Sports:

We had a small but very dedicated team represent Marcoola at surf sports carnivals this season. Congratulations to all those that pulled on the orange & white cap & well done on some outstanding results. Special mention must go to our Nipper Captain, Lily Rice that finished 6th in the Beach Flags at the Aussie Titles this year!

Thank you to our expert Swim Squad Coach, Jack Hawke, for your efforts in improving our Nippers swim skills and fitness this season. It was incredible witnessing the growth in mid-week swimming sessions. At it's peak we had 60 children participating in mid-week squad sessions each week.

Again, this season we were very fortunate to call on the expertise and experience of Coach, Joey Goulding for Surf Rescue Competition. To Em-jay Jeffcoat, Lily Rice, Darci Crittendell & Maya Uylangco – thank you for fully embracing this opportunity & congratulations on your incredible individual and team results at both Branch & State Competition. Joey, what you managed to achieve with this little team was amazing. I can't wait to see where this leads in the future.

Thank you to our incredibly dedicated & ever-reliable Team Manager, Cath Brierley – thank you for everything that you do for these competitors (and not forgetting your massive contribution to so many other facets within our Club). I know you joke that retirement is on the cards for you next season, but we both know that is never an option! I would also like to extend a thank you to our Officials & Carnival Water Safety Officers who volunteered their time to ensure our team was able to compete!

Sponsors & Supporters:

Many of these projects & outcomes could not have been achieved without significant financial support by our incredible Junior Activities sponsors & supporters. A BIG thanks to the following organisations for their contribution:

- Queensland Yoghurt
- Small World Migration
- Flow on Plumbing
- McGregor Wealth Management
- Surf Air Beach Hotel
- Marcoola Community Group
- Nakula Plant Based Products

I do hope each organisation is proud of their association with our program & will be happy to continue their contribution again in the future.

The appreciation continues:

Each Wednesday night in the Supporters Club we conduct our 'Nipper Raffle', with proceeds making up a substantial portion of our operating budget. Thank you to all our raffle donors & ticket sellers this season. Your efforts are appreciated.

To President, Peter Hourn, General Manager, Drew Palmer & the entire Marcoola SLSC Management, thank you for your time, effort & commitment to the governance & operations of our Club. The support provided to the Junior Activities Program this season is very much appreciated.

I would like to extend a massive thanks to Club Stalwart, Lyn Mathison. Lynnie, I've always admired your commitment & passion for Marcoola SLSC. Thank you for your continued support & massive contribution to not only our nippers but our entire club operations!

To all of our nipper parents, 'well done to you all' for enrolling your children in Nippers (while sacrificing your Sunday mornings). I do hope you see value in what the Junior Activities program has to offer – we not only aim for vital surf skills & surf awareness but instil life skills that can't be taught anywhere else. I also hope we play some role in our Nippers making 'friends for life'. Watching the new little friendships and connections form throughout the season is one of my favourite things to witness.

It would be wrong of me to sign off without acknowledging my incredibly understanding & supportive family. To my husband Corey and two boys, Mace & Jack, thank you for your patience & acceptance of my passion for all things Surf Life Saving & Marcoola SLSC. Thank you for allowing me to do what I love with very little fuss!

I do hope that I have managed to express my appreciation & gratitude to all involved in delivering a very successful program again this season. When commencing this report my biggest fear was that I would not be able to express in words, my sincere thanks & appreciation to all contributors or even worse, I would leave someone important out, if I have, I can ensure you it was not intentional. Let me sign off by saying...

Throughout my 30 something years of involvement in Surf Life Saving, I have learnt that successful Surf Club's are created by incredibly dedicated and committed people working together to achieve a common goal, I also know that Marcoola SLSC is full of some of the absolute BEST! As a result, we have experienced one of our most successful seasons in recent history, something I am incredibly proud to be part of. I encourage all of you to fully embrace the opportunities that Surf Life Saving can provide, it really is an incredible organisation to be connected to and can lead you to some pretty amazing places throughout your involvement.

Given all that has gone on in the world in the last 18 months, now more than ever, Community is Everything! I do hope a sense of the strength of our Marcoola Surf Club Community has been felt this season.

Now the countdown is on 'til September, where we welcome back a sea of pink rashies and beaming faces back on our beach!

Thank you to our Junior Activities Sponsors & Supporters for helping to make Sunday's FLM-days!

Little Nippers

The brothers and sisters of our Nippers! An energetic and excitable bunch of future lifesavers lead beautifully by Maddi Short. Looking forward to having these little ones join us over the next few seasons!

Under 8's - Surf Aware 1

The mighty mighty Green Machines! Our littlest lifesavers started the season carefully but each week we saw them grow in confidence and the improvement in their skills both in the water & on the sand was wonderful to witness. Their smiles (along with their loud chanting) just got bigger and bigger each week. To say first time Age Managers, Anna Oliver & Emma Holahan were completely thrown in the deep in is an understatement. Thank you to you both for your commitment & enthusiasm in making our newest lifesaving experience a memorable one. Big thanks is also extended to Emma Bray who was a wonderful assistant - adored by these little ones!

Under 9's - Surf Aware Two

What an energetic & excitable bunch this crew are... It's been amazing to witness such a significant growth in their capabilities. This season many of these Nipper's were challenged to step outside their comfort zone by swimming that little bit further or paddling that little bit faster. I've loved witnessing the courage, bravery & sense of achievement when they smashed their latest goal.

To the amazing Lisa Nugent, Tammy Allen ably assisted by Peter Higgins thank you both for your endless enthusiasm and dedication in guiding this big group.

Under 10's - Surf Safe One

Such an eager and competitive bunch of future lifesavers... The surf and sand skills of this group have improved significantly again this season. It's been a pleasure to watch them racing through the surf, tearing down the beach & genuinely enjoying their Sunday's. To the incredible, Jess Quilty & Helen Chapman thank you for your guidance, patience & persistence with this very large group. You two make the most wonderful team.

Under 11's - Surf Safe Two

This energetic & enthusiastic bunch have had another fabulous year. There have been some great surf & beach skills displayed from this crew. It's been exciting to witness their confidence & capabilities improve throughout the season. The Red Cap's are by far our largest age group, so given that the BIGGEST thank you is extended to their wonderful Age Managers, Vaughan Bruton, Nikki Hamilton, Jo Ridding, Charlie Gillingham and the small army of helpers that assisted this crew every week. This crew certainly know how to inject the FUN into each Sunday.

Under 12's - Surf Smart One

This crew have had another HUGE season, showing significant improvement in their lifesaving knowledge & surf skills. I've loved watching them ripping up the waves and tearing down the sand, with lots of friendly competition & banter on display. Big thanks to the ever reliable Mike Short & Mark Chapman for their guidance & encouragement with this group. You two make a wonderful team.

Under 13's - Surf Smart Two

A fun, committed and knowledgeable bunch of 'almost lifesavers' that have had a wonderful year in the surf and on the beach. I've loved watching the great friendships that have developed within this big group. A big thanks is extended to their wonderful Age Managers, Scott Whittome & Dan Quilty for their leadership & dedication over many years. I can not wait to see this crew assisting with water safety and in the red & yellow uniform patrolling our beach next season. The ultimate goal of our Nipper program.

Under 14's - Surf Rescue Certificate

What an incredible bunch of Surf Lifesavers you have become! Congratulations to our Under 14 members (along with a few of their parents) that successfully gained their Surf Rescue Certificate and joined our patrolling ranks. I do hope each of you continue to enjoy your lifesaving experiences for many years to come.

Notice of Annual General Meeting – Supporters Club

Notice is hereby given that the 28th Annual General Meeting of the Marcoola Surf Life Saving Supporters Club Inc. will be held:

Saturday 19th June @ 9.00 am – Supporters Club Function Room

AGENDA

1. Attendance & Apologies
2. Confirmation of 2019/20 (27th) AGM Minutes
3. Adoption of Annual Report
4. Election of Officers 2021/22
5. Notices of Motion (if any)
6. General Business (if any)

Peter Ward

Secretary

Marcoola SLS Supporters Club

From the Supporters Club President – Craig Hunter-Smith

To say it has been an interesting year is probably an understatement. Our financial year from May 2020 to April 2021 delivered some stressful periods as well as some truly inspirational times. The Sunshine Coast generally fared well over the COVID period and although restrictions applied, we were generally well patronised. Thanks heaps to all those who continued to treat the Surf Club as your preferred gathering spot as well as all those who visited the club to enjoy our delivery of good food, drink and entertainment.

With all things considered we have had a remarkable year in regard to supporting our Surf Club with funds to enable them to continue their operations on the beach. The Supporters Club has made a total of \$450,000 cash transfers during the year to the Surf Club. With our operations closed in May and June and limited in July and August this result is very impressive. Thanks to all the management and staff who contributed to this success. The platform has been laid for the coming year and I would hope that we can continue to grow this success. Of course, this success can be attributed to the staff who provide the service to our patrons and it is in this area that we try to excel. We have had a significant change to our personnel during the year with Jono and his team making way for Patrick and the current team. Thanks Jono for your contribution and welcome Patrick and your team.

During the year Drew Palmer was appointed as General Manager to oversee the operations and future strategies of the Supporters Club and the Surf Club. Drew will manage all aspects of our strategic plan over the short to medium term which includes the move towards a significant development of our existing clubhouse. Planning for this development is well under way and we are hopeful of Federal Government funding to achieve our goals of upgrading our facilities for the Surf Club and the community.

A sincere thanks also goes to the Government initiative of the Cashflow boost and JobKeeper, without which the club would have lost significant reserves. To enable the majority of our staff to remain attached to the club was instrumental in guaranteeing a recent successful re-opening in July.

Thanks again to the Australia Day committee as the Marcoola Rocks function again proved to be a resounding success. The event is a major attraction and hopefully with the support of our local community will continue to build on this success.

Gaming has seen a good increase in revenue and the Marcoola club continues to be rated highly within our region. Four new machines were purchased during the year and together with the upgrade of various games, the returns are proving to be best performance. Bistro 103 is regarded as one of the best dining options in our extended community providing quality food at good prices. The quality and presentation of the food is outstanding and congratulations must go to Kym and now Zane and his team. The front of house continues to get excellent reports on their friendly and efficient service. The bar continues to be the focal point of the club and the staff are always excellent in their service delivery. As mentioned, I expect that our family friendly service at the Marcoola Surf Club will continue to underpin our success.

I would like to thank the committee for the giving of their time over the past year. The committee comprise long standing members Peter Hourn, Rob McGregor, Peter Ward, Ian Hunter, Brian Goulding and Corey Janssen. The meetings have always been congenial and progressive and it is important that we continue to look over the horizon as we develop our club to meet the community needs.

I would also like to take this opportunity to thank the major sponsors of the Supporters Club who with their generosity make donations for the benefit of our Surf Club and support and sponsor our club and all events. We truly appreciate your financial support and without your dedication and support our club could not be where it is today. Thanks to all our business partners and sponsors.

Finally, thanks to all the patrons who have supported the club over the past year. We hope that you continue to support the Marcoola Surf Club as we intend to continue to provide the same efficient and friendly service for many years to come.

From the committee, management and staff we look forward to seeing you at the club during the upcoming year.

From the Supporters Club Treasurer – Rob McGregor

The Marcoola Surf Club (Supporters Club) had a successful year considering the restrictions placed on trading since the lockdown from March 2020 to early June 2020.

Total operating profits made to Surf Lifesaving was \$539k, up from \$306k in the previous year – a solid result given trading limitations.

The club was fully closed when this financial year started (1st May) and reopened with very strict crowd and other restrictions in early June. These restrictions were eventually relaxed, but it is important to highlight that we are still operating with crowd restrictions, which limit us from having larger events, including Marcoola Rocks which this year ran with reduced crowd numbers.

Given that, the following summarises key revenue areas:

- Bar Revenue was down \$125k (11%)
- Bistro Revenue was down \$116k (12%)
- Gaming Revenue was down \$31k (3%)

These are reasonable results, given the restrictions we are operating under.

We received around \$343k in Jobkeeper and cashflow boost from the ATO (these ceased at the end of September 2020), which helped us both keep most of our team employed during restricted trading conditions and allow us to finish with an improved profit for the year.

I would like to thank all our supporters club team members, and Drew Palmer, our new General Manager, who in a challenging year, has led the team well through challenging times and greatly assisted the committee.

Thanks also to our long-term Supporters Club President Craig Hunter-Smith for his wisdom and leadership.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2021

Note 1 Summary of Significant Accounting Policies
Financial Reporting Framework

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the *Associations Incorporation Act 1981 (Queensland)*. The committee has determined that the association is not a reporting entity.

Statement of Compliance

The financial report has been prepared in accordance with the *Associations Incorporation Act 1981 (Queensland)*, the basis of accounting specified by all Australian Accounting Standards and Interpretations, and the disclosure requirements of Accounting Standards AASB 101: *Presentation of Financial Statements*, AASB 108: *Accounting Policies*, *Changes in Accounting Estimates* and *Errors* and AASB 1094: *Australian Additional Disclosures*.

The association has concluded that the requirements set out in AASB 10 and AASB 128 are not applicable as the initial assessment on its interests in other entities indicated that it does not have any subsidiaries, associates or joint ventures. Hence, the financial statements comply with all the recognition and measurement requirements in Australian Accounting Standards.

Basis of Preparation

The financial statements have been prepared on an accrual basis and are based on historical costs. They do not take into account changing money values or, except where stated specifically, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

(a) Income Tax

The income tax expense (income) for the year comprises current income tax expense (income). The association does not apply deferred income tax expense (income).

(b) Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

The depreciable amount of all PPE is depreciated over the useful lives of the assets to the association commencing from the time the asset is held ready for use.

Leasehold improvements are amortised over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements.

The depreciation rates used for each class of depreciable assets are:

Class of Fixed Asset	Depreciation Rate
Gaming machines	20%
Plant and equipment	20%

(c) Impairment of Assets

At the end of each reporting period, the committee reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs of disposal and value in use, to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in the income and expenditure statement.

(d) Employee Provisions

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

(e) Provisions

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(f) Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, and other short-term highly liquid investments with original maturities of three months or less.

(g) Accounts Receivable and Other Debtors

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2021

(h) Leases**The Association as lessee**

The Association has a short term lease in place for the lease of premises from Marcoola Surf Life Saving Club. As it is a short term lease, the lease has been expensed as it is due and AASB 16: Leases does not apply.

(i) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

(j) Revenue**Revenue recognition**

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Operating grants

When the association receives operating grant revenue, it assesses whether the contract is enforceable and has sufficiently specific performance obligations in accordance with AASB 15.

When both these conditions are satisfied, the Association:

- identifies each performance obligation relating to the grant;
- recognises a contract liability for its obligations under the agreement; and
- recognises revenue as it satisfies its performance obligations.

Where the contract is not enforceable or does not have sufficiently specific performance obligations, the Association:

- recognises the asset received in accordance with the recognition requirements of other applicable Accounting Standards (for example, AASB 9, AASB 16, AASB 116 and AASB 138);
- recognises related amounts (being contributions by owners, lease liability, financial instruments, provisions, revenue or contract liability arising from a contract with a customer); and
- recognises income immediately in profit or loss as the difference between the initial carrying amount of the asset and the related amount.

If a contract liability is recognised as a related amount above, the association recognises income in profit or loss when or as it satisfies its obligations under the contract.

Interest Income

Interest income is recognised using the effective interest method.

Income from sale of goods

Revenue is recognised when control of the products has transferred to the customer. For such transactions, this is when the products are delivered to the customers. Revenue from these sales is based on the price stipulated in the contract. Revenue is then only recognised to the extent that there is a high probability that a significant reversal of revenue will not occur.

A receivable will be recognised when the goods are delivered. The Association's right to consideration is deemed unconditional at this time as only the passage of time is required before payment of that consideration is due.

All revenue is stated net of the amount of goods and services tax.

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
MARCOOLA SURF LIFE SAVING SUPPORTERS CLUB INC.**

Opinion

We have audited the financial report of Marcoola Surf Life Saving Supporters Club Inc. (the association), which comprises the assets and liabilities statement as at 30 April 2021, the income and expenditure statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the certification by members of the committee.

In our opinion, the accompanying financial report presents fairly, in all material respects, the financial position of the association as at 30 April 2021 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements and the requirements of the Associations Incorporation Act 1981 (Queensland).

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110: *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared to assist the association to meet the requirements of the *Associations Incorporation Act 1981 (Queensland)*. As a result, the financial report may not be suitable for another purpose. Our opinion is not modified in respect of this matter.

Responsibilities of the Committee for the Financial Report

The committee is responsible for the preparation and fair presentation of the financial report in accordance with the financial reporting requirements of the *Associations Incorporation Act 1981 (Queensland)* and for such internal control as the committee determines is necessary to enable the preparation and fair presentation of a financial report that is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee is responsible for assessing the association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the committee either intends to liquidate the association or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the committee.

MARCOOLA SURF LIFE SAVING SUPPORTERS CLUB INC.

ABN: 99 039 656 217

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
MARCOOLA SURF LIFE SAVING SUPPORTERS CLUB INC.**

- Conclude on the appropriateness of the committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the association to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
